# Safety Instruction Guide for REPLACEMENT BULLET POINTS CRATEX POINT, FINE, #15 BULLET, 1/8" ARBOR

## Introduction

Thank you for choosing the Replacement Bullet Points CRATEX Point, Fine, #15 Bullet, 1/8" Arbor. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read the following sections carefully to understand how to handle, install, and dispose of the bullet points safely.

## General Safety Guidelines

- Ensure that all users are familiar with the safety instructions before using the product.
- Use the bullet points only for their intended purpose as described in the product specifications.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check the product for any signs of wear or damage before use.
- If the product is damaged or shows signs of wear, discontinue use immediately.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when handling the bullet points.
- Do not exceed the recommended speed for the tools used with the bullet points.
- Avoid using the bullet points in wet or damp conditions to prevent slips and accidents.
- Ensure that the work area is wellventilated to minimize exposure to dust and debris.
- Do not use the bullet points if you are tired or under the influence of substances that may impair your judgment.
- Follow all manufacturer instructions for the tools being used in conjunction with the bullet points.

## Instructions for Installation and Usage

### 1. Preparation:

- Verify that you have the correct bullet point for your application:
  - #8 Bullet Point: 9/32" (7.1mm) diameter, 1" (2.5cm) long.
  - #11 Bullet Point: 3/8" (9.5mm) diameter, 1" long.
  - #15 Bullet Point: 1/2" (12.7mm) diameter, 7/8" long.
- Ensure that your tool is compatible with the 1/8" arbor size.

### 2. Installation:

- Turn off and unplug the tool before installation.
- Remove any existing bullet point or attachment from the tool.
- Insert the new bullet point into the arbor, ensuring a secure fit.
- Tighten the attachment mechanism according to the manufacturer's instructions.

### 3. Usage:

- Turn on the tool and allow it to reach the appropriate speed before making contact with the workpiece.
- Apply light pressure and let the bullet point do the work; do not force it.

- Maintain a steady pace and avoid abrupt movements to ensure control and precision.

#### **4. PostUse:**

- Turn off and unplug the tool after use.
- Clean the work area to remove any debris or dust created during use.
- Store the bullet points in a safe, dry place away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of any used or damaged bullet points in accordance with local regulations for hazardous waste.
- Do not dispose of bullet points in regular household waste.
- Consider recycling options where available to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the product, please contact the designated support channels provided by the manufacturer.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
