# 1911 HIGH GRIP THUMB SAFETY CYLINDER & SLIDE BLUE SINGLE SAFETY Safety Instruction Guide

## Introduction

Thank you for choosing the 1911 High Grip Thumb Safety Cylinder & SLIDE BLUE SINGLE SAFETY. This product is designed for tactical applications and aims to enhance your firearm's safety and usability. Please read this safety instruction guide carefully to ensure proper use and maintenance of the product.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your firearm pointed in a safe direction at all times.
- Be aware of your surroundings and ensure that no one is in your line of fire.
- Use the thumb safety properly to prevent accidental discharges.
- Store your firearm in a secure location, away from children and unauthorized users.
- Regularly inspect your firearm and safety components for wear and damage.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the thumb pad is correctly installed before use.
- Do not attempt to modify the thumb safety or any part of your firearm without proper knowledge and tools.
- Always ensure that the thumb safety is engaged when not in use.
- Avoid wearing loose clothing that may interfere with the thumb safety operation.
- Be cautious when holstering or unholstering your firearm to prevent snagging.

## Instructions for Installation and Usage

### Installation

1. **Preparation:** Ensure that your firearm is unloaded and pointed in a safe direction.
2. **Remove the Existing Safety:** Follow the manufacturer's instructions to safely remove the existing thumb safety if applicable.
3. **Fit the New Thumb Safety:**
  - Align the new thumb safety with the frame.
  - Minor fitting may be required to ensure a snug fit.
4. **Secure the Thumb Safety:**
  - Ensure that the safety is properly seated and secured.
  - Test the operation of the safety to ensure it engages and disengages smoothly.
5. **Final Check:**
  - Verify that all components are correctly installed and functioning before use.

### Usage

- **Engaging the Safety:** Push the thumb safety down to engage it. This will prevent the firearm from firing.
- **Disengaging the Safety:** Push the thumb safety up to disengage it when you are ready to fire.
- **Routine Checks:** Regularly check the thumb safety for any signs of wear or damage. If you notice any issues, discontinue use and consult a qualified gunsmith.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for firearms and firearm components.
- Do not discard in regular household waste.
- Contact local authorities for proper disposal methods if needed.

## **Contact Information for Further Support**

For any inquiries or support regarding the 1911 High Grip Thumb Safety Cylinder & Slide Blue Single Safety, please refer to the manufacturer's contact information provided in the product packaging or user manual.

Thank you for following these safety instructions. Your safety and the safety of others depend on responsible firearm handling and maintenance.
