

1911 TRIGGER PULL KITS - CYLINDER & SLIDE TACTICAL II TRIGGER PULL KIT

[Handgun Parts](#) > [Trigger Group Parts](#) > [Performance Enhancing Kits](#)

Match Quality Trigger Pull In A Drop-In Kit

Each kit is tested on a Series 70-style frame to make certain it will produce the specified pull weight with little or no fitting. Parts are wire EDM cut from bar stock, honed and polished, then heat treated for years of service life. All profiles and through-holes are mechanically correct to function without hand fitting. Sear nose has correct relief angle, sear spring is narrowed to reduce pull weight. Exposed hammer edges on Ultra-Light, Super?Match and Tactical II are chamfered to minimize slide drag and clothing wear. Each kit contains a hammer, sear, disconnecter, sear spring and hammer spring. ULTRA LIGHT KIT - 3.5 lb. pull weight. Ultra light, skeletonized, hammer; relieved to prevent frame rub. Ultra light match sear and disconnecter. Lightened sear spring, 18 lb. hammer spring. ULTRA LIGHT SPEED II KIT - 3 lb. pull weight. Low-profile, skeletonized hammer relieved to prevent frame rub; ultra-light weight cuts lock time to a minimum. Deep, crisp serrations ensure secure thumb contact for fast, positive cocking. Properly matched spring weights give the specified pull weight and ensure positive ignition. TACTICAL II KIT - 4 lb. pull weight. Tactical II hammer with relieved sides, ultra match sear and disconnecter, light sear spring, 18 lb. hammer spring. TACTICAL MATCH KIT - 4.5 lb. pull weight. Tactical hammer, sear, disconnecter, light pull sear spring, 18 lb. hammer spring. Great for carry guns. WARP SPEED KIT - 3 lb. pull weight. Very low mass hammer, relieved to prevent frame rub. Low mass sear and disconnecter, 18 lb. hammer spring, light pull sear spring. DUTY/CARRY KIT - 4½ lb. pull weight for duty or carry pistols. Comes with classic, military-style spur hammer, for those who prefer that style or are required to have it on duty weapons. Includes sear, disconnecter, 23 lb. hammer spring, and sear spring. PROFESSIONAL KIT - 5 lb. of pull weight and is designed for military and police shooters. Gives complete trigger control in high-stress situations. Contains hammer, sear, disconnecter, 23 lb. hammer spring and tactical sear spring.

Attributes

- Name: [CYLINDER & SLIDE TACTICAL II TRIGGER PULL KIT](#)
- Manufacturer: [CYLINDER & SLIDE](#)
- Product no.: 206103052

Safety Instruction Guide for 1911 Trigger Pull Kits

Introduction

Thank you for choosing the 1911 Trigger Pull Kits by Cylinder & Slide. This guide provides important safety instructions and precautions to ensure the safe and effective use of your product. Please read this manual carefully before using the kit.

General Safety Guidelines

- Ensure safe use of the product by following all instructions provided in this guide.
- Be aware of potential hazards associated with the use of firearm components.
- Always handle firearms and related components with caution and respect.
- Keep all components out of reach of children and unauthorized users.
- Regularly check for any product recalls or safety alerts through the EU Safety Gate platform.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when handling or working with firearm components.
- Ensure that the firearm is unloaded and pointed in a safe direction before installing or modifying any components.
- Verify that the trigger pull weight is suitable for your firearm and personal preferences.
- Do not attempt to modify or alter the components beyond the manufacturer's specifications.
- Be aware that improper installation or use may result in malfunction or injury.
- Ensure all components are compatible with your specific firearm model.
- Do not use the kit if any components are damaged or missing.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components included in the kit.
- Ensure your workspace is clean and free of distractions.

2. Installation:

- Unload your firearm and ensure it is safe to handle.
- Remove the existing trigger components carefully, following the manufacturer's guidelines for your specific firearm.
- Install the new components from the kit:
 - **Ultra Light Kit:** Install the ultralight, skeletonized hammer, match sear, disconnecter, lightened sear spring, and 18 lb. hammer spring.
 - **Ultra Light Speed II Kit:** Install the lowprofile hammer, ultralight match sear, and disconnecter, ensuring proper alignment.
 - **Tactical II Kit:** Install the Tactical II hammer, ultra match sear, and disconnecter, along with the light sear spring and 18 lb. hammer spring.
 - **Tactical Match Kit:** Install the tactical hammer, sear, disconnecter, and light pull sear spring.
 - **Warp Speed Kit:** Install the low mass hammer, sear, and disconnecter, ensuring all components are securely fitted.
 - **Duty/Carry Kit:** Install the classic spur hammer, sear, disconnecter, 23 lb. hammer spring, and sear spring.

- **Professional Kit:** Install the hammer, sear, disconnecter, and tactical sear spring.

3. **Testing:**

- After installation, conduct a function check to ensure all components are working correctly.
- Ensure the trigger pull weight meets your preferences and is safe for use.

4. **Usage:**

- Always follow safe firearm handling practices when using your firearm with the new trigger pull kit installed.
- Regularly inspect the installed components for wear and proper function.

Disposal Instructions

- Dispose of any damaged or unused components in accordance with local regulations.
- Do not dispose of firearm components in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the 1911 Trigger Pull Kits, please refer to the manufacturer's website or contact your local distributor for assistance. Ensure you have your product details ready for a more efficient response.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our top priorities. Enjoy your enhanced shooting experience with the 1911 Trigger Pull Kits!
