# FOUR HOLE SKELETON RINGS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the Weaver Four Hole Skeleton Rings. These rings are designed for maximum holding power and clamping pressure, ensuring reliable optic mounting. This guide provides essential safety instructions to help you use the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Do not use the product if it appears to be damaged.
- Ensure that you use the product only for its intended purpose.
- Follow all installation and usage instructions carefully.

## Specific Safety Precautions for Use

- Be cautious when handling the Torx screws to avoid injury.
- Ensure that the mounting surface is stable and secure before installation.
- Use appropriate tools for installation to avoid damage to the product.
- Avoid overtightening screws, as this may strip them or damage the rings.
- Never modify the product in any way, as this may compromise safety and performance.
- Store the product in a safe place when not in use.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a Torx screwdriver.
- Ensure the mounting surface is clean and free of debris.

### 2. Installation Steps

- Position the Four Hole Skeleton Rings on the desired mounting surface.
- Align the rings to ensure proper fit.
- Insert the Torx screws into the designated holes.
- Use the Torx screwdriver to tighten the screws securely, but do not overtighten.
- Doublecheck the alignment and stability of the rings before use.

### 3. Usage Guidelines

- Always ensure that your optics are securely mounted before use.
- Regularly check the screws and rings for tightness during use.
- If you notice any movement or instability, stop using the product immediately and inspect it.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.

- Consider recycling the aluminum components where facilities exist.
