MTM Reloading Labels for Shotgunners Safety Instruction Guide

Introduction

Thank you for choosing the MTM Reloading Labels for Shotgunners. These labels are designed to assist you in organizing and recording load data for shotgun reloading. This safety instruction guide provides essential information to ensure safe use, proper handling, and maintenance of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure that the labels are used in a dry and clean environment to maintain their adhesive properties.
- Keep the labels out of reach of children and pets to prevent accidental ingestion or misuse.
- Regularly check the labels for any signs of damage or wear, and replace them if necessary.
- Do not use the labels for any purpose other than their intended use.
- Always follow the manufacturer's instructions for reloading and handling ammunition.

Specific Safety Precautions for Use

- When applying the labels, ensure that the surface is clean and free from moisture to ensure proper adhesion.
- Avoid placing labels on surfaces that may be exposed to extreme temperatures or humidity, as this may affect their performance.
- If you experience any allergic reactions to the adhesive, discontinue use immediately and consult a medical professional.
- Store the labels in a cool, dry place away from direct sunlight to prolong their lifespan.
- Ensure that any writing instruments used on the labels are nontoxic and safe for use.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the MTM Reloading Labels, a writing instrument, and a clean surface for application.
- Ensure that your hands are clean and dry before handling the labels.

2. Applying the Labels:

- Peel the label from the backing carefully to avoid tearing.
- Position the label on the desired container or surface, ensuring it is straight and aligned properly.
- Press down firmly on the label, starting from the center and moving outward to eliminate air bubbles.

3. Recording Load Data:

- Use a nontoxic writing instrument to record your load data directly on the label.
- Ensure that the information is legible and complete for future reference.

4. Maintaining the Labels:

- Regularly inspect the labels for any signs of wear or damage.

- Replace any labels that are unreadable or have become detached.

Disposal Instructions

- Dispose of any unused or damaged labels in accordance with local waste disposal regulations.
- Do not dispose of labels in a manner that may pose a risk to the environment or public safety.
- If the product packaging is recyclable, please recycle it according to local guidelines.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the MTM Reloading Labels for Shotgunners, please contact the manufacturer's support team or visit their official website for more information.

By following these safety instructions, you can ensure the safe and effective use of your MTM Reloading Labels for Shotgunners. Always prioritize safety and stay informed about best practices for handling and storing your reloading supplies. Thank you for your attention to these important guidelines.
