

FAL HANDGUARD MLOK METRIC - FAL METRIC FULL LENGTH GAS SYSTEM MLOK HANDGUARD

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

These DS Arms FAL/SA58 MLOK handguards were engineered for easy installation and to provide a durable, secure and modular mounting platform for a variety of accessories and components. This handguard utilizes a cross bolt system and 2 heat-treated steel retaining blocks (supplied) and your existing handguard cap for attachment. Featuring a 1913 Spec. Picatinny Rail at the 12 O'clock position, this handguard will line up perfectly with the DS Arms Extreme Duty Extended Scope Mount for a continuous Picatinny top rail on your rifle. Paying homage to the traditional FAL handguards, the DS Arms M-LOK handguard features 3 oval vent holes on either side of the handguard. These vent holes along with the slim clean profile of the handguards allows you to have a modern attachment system without sacrificing the iconic look of the FAL rifle. The lower section of the handguard is designed to vent the heat of the barrel thru the uncovered machined slots. It is also designed to be further away from the barrel in order to reduce the felt effects of heat for a greater amount of time, unlike other models currently on the market. This product is proudly engineered and manufactured in the USA.

Attributes

- Name: [FAL METRIC FULL LENGTH GAS SYSTEM MLOK HANDGUARD](#)
- Manufacturer: [D.S. ARMS](#)
- Product no.: 274100651
- Mfr. No.: 021FAS-ML-A

Consumer Safety Instruction Guide for FAL Handguard MLOK

Introduction

Thank you for choosing the FAL Handguard MLOK. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide thoroughly before installation and usage.

General Safety Guidelines

- Always follow the manufacturer's instructions for installation and use.
- Ensure that your firearm is unloaded before attaching or detaching the handguard.
- Inspect the handguard for any damage before use. Do not use if damaged.
- Keep the handguard and all accessories out of the reach of children and unauthorized users.
- Be aware of your surroundings and ensure a safe environment when handling firearms.

Specific Safety Precautions for Use

- The handguard is designed to handle heat generated during firing. However, avoid direct contact with the handguard immediately after firing, as it may become hot.
- Ensure that the handguard is securely attached to the firearm before use. Loose attachments can lead to malfunction or injury.
- Do not modify the handguard or its components. Modifications can compromise safety and performance.
- Use only compatible accessories with the MLOK system. Incompatible accessories may not secure properly and could lead to accidents.
- If you experience any unusual behavior from the handguard while in use, cease operation immediately and inspect for issues.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded.
- Remove the existing handguard cap and the old handguard from the firearm.
- Position the new FAL Handguard MLOK over the barrel and align it with the retaining blocks.
- Use the provided cross bolt system to secure the handguard in place. Ensure it is tightened according to the manufacturer's specifications.
- Replace the handguard cap to complete the installation.

2. Usage

- After installation, check that the handguard is secure before each use.
- Attach accessories as needed using the MLOK slots. Ensure all accessories are compatible and securely fastened.
- During use, monitor the handguard for any signs of wear or damage.

Disposal Instructions

- Dispose of the handguard and any associated components in accordance with local regulations.
- Do not dispose of the product in general waste. Check for recycling options or special disposal instructions for metal and plastic materials.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the FAL Handguard MLOK, please contact the manufacturer or your local dealer. Ensure to have the product details ready for a more efficient response.

Thank you for prioritizing safety while using the FAL Handguard MLOK. Your adherence to these guidelines helps ensure a safe and enjoyable experience.
