

1911 GUIDE RODS - EGW ONE-PIECE 1911 TUNGSTEN GUIDE ROD

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Spring Guide Rods](#)

Weight-Adding Tungsten Or Tough Stainless Steel

5" One Piece Guide Rod: Fits flush with the slide so you can turn the bushing to disassemble the gun. This guide rod also features a takedown hole. This tungsten guide rod should be checked by a gunsmith familiar with the 1911 design. It may require minor fitting to contact the frame evenly. Failure to do so may lead to premature wear and/or breakage which will not be covered under warranty. The head of the guide rod has smooth beveled edges to make for a seamless look.

1911 GUIDE RODS EGW ONEPIECE 1911 TUNGSTEN GUIDE ROD Safety Instructions

Introduction

Thank you for choosing the 1911 GUIDE RODS EGW ONEPIECE 1911 TUNGSTEN GUIDE ROD. This guide rod is designed to enhance the performance and reliability of your 1911 firearm. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that you are familiar with your firearm's operation and safety mechanisms.
- Store the guide rod and firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your firearm and its components for wear or damage.
- Consult a qualified gunsmith if you are unsure about any aspect of installation or use.

Specific Safety Precautions for Use

- This guide rod is designed for use with 1911 models. Ensure compatibility with your specific firearm model.
- The guide rod may require minor fitting to ensure proper contact with the frame. Failure to achieve proper fit may lead to premature wear or breakage.
- It is recommended that the installation and fitting of the guide rod be performed by a qualified gunsmith familiar with the 1911 design.
- Avoid using excessive force during installation or removal of the guide rod.
- Do not attempt to modify the guide rod without consulting a professional.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is unloaded and the magazine is removed.
- Clean the area where the guide rod will be installed to avoid contamination.

2. Installation

- Align the guide rod with the recoil spring and insert it into the guide rod tunnel.
- Ensure that the takedown hole on the guide rod is accessible for disassembly.
- Check that the guide rod seats flush with the slide.

3. Usage

- After installation, perform a function check to ensure that the firearm operates correctly.
- Regularly check the guide rod for signs of wear or damage.
- If you notice any irregularities in performance, consult a qualified gunsmith.

Disposal Instructions

- Dispose of the guide rod in accordance with local regulations regarding metal and firearm components.
- Do not discard the guide rod in regular household waste.

Contact Information for Further Support

For further assistance or inquiries regarding safety, installation, or product performance, please consult a qualified gunsmith or the manufacturer.
