

1911 OVERSIZED FIRING PIN STOP - EGW O/S FIRING PIN STOP S70 45 BLUE

[Handgun Parts](#) > [Action Parts](#) > [Firing Pin Parts](#) > [Firing Pin Stops](#)

Helps Ensure Reliable 1911 Auto Ejection

Machined steel firing pin stop is wider and thicker than standard, so you can gunsmith it for a tight fit that helps keep the extractor face square to the case rim for improved extraction and feeding. Bottom edge is left square, ready for final fitting to help slow slide opening and increase dwell-time with major power factor ammunition. Heat-treated to Rc 48, with radiused corners that resist cracking, for a long service life. Available in carbon steel with a tough black oxide finish and stainless steel. Series 70 is sized specifically to give a no-gap fit on .45 ACP Colt Series 70 pistols and clones. Series 80 fits 9mm/.38 Super/.40 S&W/.45 ACP Colt Series 80 pistols and clones.

Attributes

Safety Instruction Guide for 1911 Oversized Firing Pin Stop

Introduction

Thank you for choosing the 1911 Oversized Firing Pin Stop by EGW. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only as intended.
- Always handle firearms with care and in accordance with local laws and regulations.
- Keep the firing pin stop and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the firing pin stop for any signs of damage or wear.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Verify that the firearm is unloaded before beginning any installation.
- Use appropriate tools and safety gear while gunsmithing the firing pin stop.
- Ensure the workspace is clean and free from distractions.
- Follow all manufacturer instructions for fitting the firing pin stop to your firearm.
- Do not modify the firing pin stop in a manner that could compromise safety.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools: gunsmithing tools, safety glasses, and a clean workspace.
- Ensure the firearm is completely unloaded.

2. Installation:

- Remove the existing firing pin stop from your firearm.
- Compare the new firing pin stop with the old one to ensure proper fit.
- Begin fitting the new firing pin stop by gently machining it to achieve a tight fit.
- Ensure the bottom edge is squared to facilitate proper slide operation.

3. Fitting:

- Gradually remove material from the firing pin stop until it fits snugly.
- Check the fit frequently to avoid overmachining.
- The goal is to keep the extractor face square to the case rim for improved extraction and feeding.

4. Final Checks:

- Once fitted, reassemble your firearm and check for smooth operation.
- Ensure that the slide opens and closes without obstruction.
- Test the firearm in a safe environment to confirm proper function.

Disposal Instructions

- Dispose of unused or damaged products in accordance with local regulations.
- Do not dispose of any metal components in regular trash; consider recycling options where available.

Contact Information for Further Support

For any inquiries or concerns regarding the 1911 Oversized Firing Pin Stop, please reach out to the manufacturer or authorized dealers for assistance.

Thank you for prioritizing safety and responsible use of your firearm. Enjoy your shooting experience!
