

1911 AUTO PLUNGER TUBE STAKING TOOL - EGW PLUNGER TUBE STAKING TOOL

[Gunsmith Tools](#) > [Handgun Tools](#) > [Staking Tools](#)

Protects The Tube & Frame From Damage; No Need To Remove Ejector

Two-piece staking tool protects the plunger tube and surrounding frame area with a block of machined Delrin® while you spread the pins with the steel staking bar. Eliminates metal-on-metal contact on exterior surfaces to prevent scratches that can mar the pistol's finish. Saves you time, too, because the staking bar has a cutout to clear the ejector, so you can stake the tube without having to remove it. The staking point is a hardened steel screw that lets you adjust the staking depth. When the point wears out, simply install a new screw (spare included) to make the tool good as new. Delrin block has cutouts to support both rounded and square plunger tubes; cuts are positioned so the block always rests on a flat side to provide full support.

Attributes

Safety Instruction Guide for the 1911 AUTO PLUNGER TUBE STAKING TOOL

Introduction

Thank you for choosing the 1911 AUTO PLUNGER TUBE STAKING TOOL by EGW. This tool is designed to safely and effectively stake plunger tubes in 1911 pistols. To ensure your safety and the proper use of this tool, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that the tool is used only for its intended purpose.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use for any signs of wear or damage.
- If any part of the tool is damaged, do not use it until it has been repaired or replaced.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the tool in a welllit area to ensure visibility.
- Wear appropriate safety gear, such as safety glasses and gloves, to protect yourself during use.
- Do not apply excessive force when using the staking tool, as this may cause damage to the plunger tube or the tool itself.
- Avoid contact with sharp edges of the tool to prevent injury.
- Ensure that the work surface is stable and secure to prevent accidents during staking.
- Always follow the manufacturer's recommendations for usage and maintenance.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary materials: the staking tool, plunger tube, and any additional tools you may need.
- Ensure that the work area is clean and organized.

2. Setting Up the Tool

- Place the Delrin block of the staking tool against the frame of the pistol, ensuring that it properly supports the plunger tube.
- Confirm that the cutouts in the Delrin block align with the plunger tube.

3. Using the Staking Tool

- Insert the steel staking bar into the designated slot on the tool.
- Position the staking point against the pins of the plunger tube.
- Gently push down on the staking bar to spread the pins. Avoid using excessive force.
- Monitor the staking depth using the adjustable hardened steel screw. Adjust as necessary.

4. Finishing Up

- Once the staking is complete, carefully remove the tool from the plunger tube and inspect the

work.

- If the staking point has worn out, replace it with the spare screw included with your tool.

5. PostUse Care

- Clean the tool after each use to maintain its condition.
- Store the tool in a dry place, away from children and pets.

Disposal Instructions

- Dispose of the tool in accordance with local regulations.
- Do not dispose of the tool in regular household waste if it contains hazardous materials.
- Consider recycling options for metal and plastic components where available.

Contact Information for Further Support

For further assistance or inquiries about the product, please refer to the manufacturer's website or contact their customer service department. Always ensure that you have the product details on hand when seeking support.

By following these safety instructions, you can ensure a safe and effective experience with your 1911 AUTO PLUNGER TUBE STAKING TOOL. Thank you for your attention to safety.
