

1911 BARREL LINK KIT - EGW #3 1911 AUTO BARREL LINK

[Handgun Parts](#) > [Barrel Parts](#) > [Barrel Link Parts](#) > [Barrel Links](#)

Stress-Proof Links To Fit Most Barrel/Frame Combinations

Set of six, stress-proof, hardened chrome-moly steel barrel links helps correct most barrel-to-frame fit and feeding problems on 1911 autos. Includes the following link sizes (measured center-to-center from barrel link pin hole to slide stop hole): factory standard #3 (.278"), as well as #0 (-.015"), #1 (-.010"), #2 (-.005"), #4 (+.005"), and #5 (+.010"). #0 is for Accurail-equipped guns with rails that have been moved down. #1-#5 also available separately.

Safety Instruction Guide for 1911 Barrel Link Kit EGW #3

Introduction

Thank you for choosing the 1911 Barrel Link Kit EGW #3. This product is designed to improve the fit and feeding performance of your 1911 auto firearm. Please read this safety instruction guide carefully to ensure safe and proper use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle firearms and firearm components with care and respect.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or replacing any components.
- Wear appropriate safety gear, including eye protection, when handling firearms.
- Follow all manufacturer instructions for your specific firearm model.
- Use only the recommended sizes of barrel links for your firearm.
- Avoid using the product if any part appears damaged or worn.
- Do not attempt to modify the product or use it in any way not specified by the manufacturer.

Instructions for Installation and Usage

1. Preparation

- Ensure that your firearm is completely unloaded and safe to handle.
- Gather necessary tools, such as a punch tool and a hammer.

2. Removing the Old Barrel Link

- Remove the slide from the frame of the firearm.
- Locate the barrel link pin hole and gently tap out the pin using the punch tool.
- Remove the old barrel link from the barrel.

3. Installing the New Barrel Link

- Select the appropriate barrel link size based on your firearm model:
 - Factory standard #3 (.278")
 - #0 (.015") for Accurailequipped guns with moved rails
 - #1 (.010")
 - #2 (.005")
 - #4 (+.005")
 - #5 (+.010")
- Insert the new barrel link into the barrel.
- Align the barrel link pin hole with the corresponding hole in the barrel.
- Gently tap the pin back into place to secure the new barrel link.

4. Reassembling the Firearm

- Reattach the slide to the frame of the firearm.
- Ensure that all components are securely in place before use.

5. Testing the Installation

- Conduct a function check to ensure proper operation of the firearm.
- Test fire in a safe and controlled environment.

Disposal Instructions

- Dispose of any old or damaged barrel links and packaging in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, follow your local guidelines for hazardous waste disposal if applicable.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's contact details provided on the product packaging or visit their official website.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on the proper use and maintenance of your 1911 Barrel Link Kit EGW #3.
