

SAVAGE 93 SCOPE BASES - EGW SAVAGE 93 (1-5/8" EJECTION PORT) 0 MOA SILVER

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Savage 93 Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Safety Instruction Guide for EGW Savage 93 Scope Bases

Introduction

Thank you for choosing the EGW Savage 93 Scope Bases. This guide provides essential safety instructions and information to ensure the safe use and installation of your product. Please read this guide thoroughly before use.

General Safety Guidelines

- Ensure that your firearm is unloaded before installing the scope bases.
- Always follow the manufacturer's instructions for your firearm when mounting accessories.
- Use appropriate protective gear, such as safety glasses, when working with tools.
- Keep the scope bases out of reach of children and vulnerable individuals.
- Regularly check the scope bases for signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Only use the EGW Savage 93 Scope Bases with compatible firearms as specified by the manufacturer.
- Do not exceed the recommended torque of 20 inch lbs when securing the scope bases.
- Use blue Loctite to ensure screws remain secure but allow for future adjustments.
- Avoid using excessive force when tightening screws to prevent damage to the scope bases or firearm.
- Ensure the scope is securely mounted before use to prevent accidents during operation.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a Torx® wrench and blue Loctite.
- Ensure your firearm is unloaded and pointed in a safe direction.

2. Installation Steps

- Locate the factory scope mount holes on your Savage 93 receiver.
- Align the EGW Savage 93 Scope Bases with the holes, ensuring a proper fit.
- Insert the socket head Torx® screws into the mount holes.
- Apply a small drop of blue Loctite to each screw (optional but recommended).
- Use the Torx® wrench to tighten each screw to a torque of 20 inch lbs.
- Check that the bases are securely mounted and do not move.

3. Usage

- Once installed, attach your Picatinny or Weaver scope rings to the scope bases.
- Ensure the scope is adjusted for proper eye relief and securely tightened.
- Regularly inspect the scope bases and rings for any signs of loosening or wear.

Disposal Instructions

- Dispose of packaging materials in accordance with local regulations.
- If the scope bases become damaged beyond repair, dispose of them as per local electronic waste guidelines.

- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For questions or concerns regarding the EGW Savage 93 Scope Bases, please refer to the manufacturer's contact options available on their official website.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your EGW Savage 93 Scope Bases. Thank you for your attention to safety.
