

# T/C ENCOR SCOPE BASES - EGW T/C ENCORE 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Thomson Center Encore Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

## Attributes

# Safety Instruction Guide for T/C ENCOR Scope Bases

## Introduction

Thank you for choosing the EGW Thomson Center Encore Scope Bases. This guide is designed to provide you with essential safety information and instructions for the safe use, installation, and disposal of your product. Please read this guide carefully to ensure a safe and enjoyable experience.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or adjusting the scope bases.
- Use the scope bases only with compatible firearms as specified by the manufacturer.
- Follow all local laws and regulations regarding firearm usage and modifications.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the scope bases for any signs of damage or wear.
- If you notice any defects or issues, discontinue use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- Ensure that the scope bases are securely mounted to avoid any movement during use.
- Use the recommended torque settings (20 inch lbs) when installing the scope bases to prevent overtightening.
- Always apply a drip of blue loctite on the screws to secure them in place.
- Do not exceed the specified weight limits for scopes and accessories mounted on the bases.
- Be aware of your surroundings when using firearms equipped with the scope bases to avoid accidents.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a socket head Torx® wrench.
- Ensure your firearm is unloaded and pointed in a safe direction.

### 2. Installation

- Locate the factory scope mount holes on the receiver of your Thompson Center Encore.
- Align the EGW scope bases with the mount holes.
- Insert the socket head Torx® screws through the scope bases into the mount holes.
- Use the wrench to tighten the screws to a torque of 20 inch lbs.
- Apply a small amount of blue loctite to the screws for added security.

### 3. Adjustment

- Once installed, adjust the scope as needed for proper eye relief and alignment.
- Test the stability of the scope bases by gently applying pressure to the scope.

### 4. Usage

- Always check that the scope is securely mounted before use.
- Regularly verify the alignment and stability of the scope during use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding electronic waste and metal recycling.
- Do not dispose of the product in regular household waste.
- Consider donating or recycling the product if it is still in usable condition.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the safety and use of your T/C ENCOR Scope Bases, please refer to the manufacturer's website or consult a qualified firearms expert.

Thank you for prioritizing safety and responsible firearm use. Enjoy your new scope bases!
