S&W M&P 22 Compact Vortex Razor Sight Mount Safety Instructions

Introduction

Thank you for choosing the S&W M&P 22 Compact Vortex Razor Sight Mount by EGW. This product is designed to enhance your shooting experience by allowing you to mount a Vortex Razor, CMore RTS, or STS red dot sight onto your firearm. It is important to follow the safety guidelines and installation instructions provided in this manual to ensure safe and effective use.

General Safety Guidelines

- Always handle firearms with care and ensure they are unloaded when installing or adjusting any accessories.
- Read all instructions carefully before use to understand proper installation and usage.
- Keep this product and all accessories out of reach of children and unauthorized users.
- Regularly check the mount and red dot sight for any signs of wear or damage.
- If you notice any issues with the mount or sight, discontinue use immediately and consult a qualified gunsmith.
- Be aware of your surroundings and ensure that you are in a safe environment when using your firearm.

Specific Safety Precautions for Use

- Ensure that the firearm is pointed in a safe direction at all times during installation and use.
- Do not attempt to modify the mount or any of its components.
- Use only the mounting hardware provided with the product to ensure a secure fit.
- Avoid overtightening the mounting screws, as this may damage the mount or the firearm.
- If using Loctite, apply only a small amount to avoid excess that could interfere with the mounting process.
- Always wear appropriate eye protection when handling or firing your firearm.

Instructions for Installation and Usage

1. Remove the Rear Sight

- Carefully remove the rear sight from your firearm. Ensure the firearm is unloaded before proceeding.

2. Install the EGW Sight Mount

- Place the EGW Sight Mount into the dovetail of your firearm.
- Tighten the set screw (if applicable) to secure the mount in place.

3. Mount the Red Dot Sight

- Place the red dot sight on the EGW Sight Mount.
- For easier removal, place a small piece of paper between the red dot sight and the sight mount. This will also help keep Loctite off the red dot sight.

4. Apply Loctite

- Apply blue Loctite to the provided mounting screws. This will help secure the screws in place.

5. Torque the Mounting Screws

- Use a torque wrench to tighten the mounting screws to 15 in/lbs. Ensure that the screws are secure but do not overtighten.

6. Final Check

- After installation, doublecheck that all screws are tight and that the mount is secure before using your firearm.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the product is no longer needed or is damaged beyond repair, dispose of it responsibly to minimize environmental impact.

Contact Information for Further Support
