

POLISHING ROLL

[Gunsmith Tools & Supplies](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

When prepping for a flawless blued finish on a firearm, it's critical to have a perfect polish on the metal, and the Forster Polishing Roll provides the polishing compound needed to get your gunmetal to a perfect finish. Each roll ships in a 20-inch length that can be cut or trimmed to size. The material is impregnated with silicone carbide, so while it polishes, it also prevents any rust from emerging that'll ruin a blued finish. As well as helping to prepare a polished finish, the polishing roll can be used to finish other kinds of metal, making it a handy, versatile option to have on-hand.

Safety Instruction Guide for Forster Polishing Roll

Introduction

Thank you for choosing the Forster Polishing Roll. This product is designed to help you achieve a flawless blued finish on your firearm, as well as polish other types of metal. To ensure your safety and the proper use of this product, please read this safety instruction guide carefully.

General Safety Guidelines

- **Product Safety:** Always use the Forster Polishing Roll according to the instructions to ensure safe operation.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices concerning this product.
- **Online Shopping:** If purchased online, ensure that the seller complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point for this product.
- **Rapid Alerts:** Be aware of updates regarding unsafe products through the EU Safety Gate system.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using the polishing roll.
- Ensure that the work area is wellventilated to avoid inhaling any dust or particles produced during polishing.
- Do not use the polishing roll on surfaces that are not intended for polishing, as this may cause damage.
- Keep the polishing roll away from open flames or heat sources, as it may be flammable.
- Inspect the polishing roll for any damage before use. Do not use if the roll is frayed or worn out.
- Avoid excessive pressure while polishing to prevent damage to the surface being polished.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean and free of any unnecessary items.
- Gather all necessary tools and materials, including the polishing roll, safety goggles, and gloves.

2. Cutting the Polishing Roll:

- The Forster Polishing Roll comes in a 20inch length. Cut or trim the roll to the desired size using scissors or a utility knife.

3. Using the Polishing Roll:

- Attach the polishing roll to a suitable tool or use it by hand, depending on your preference.
- Apply a small amount of polishing compound to the roll for optimal results.
- Gently apply the polishing roll to the metal surface, using smooth, even strokes.
- Avoid applying too much pressure; let the polishing roll do the work.

4. Finishing Up:

- Once polishing is complete, clean the surface to remove any residue.
- Store the polishing roll in a cool, dry place away from direct sunlight.

Disposal Instructions

- Dispose of the polishing roll according to local waste disposal regulations.
- Do not incinerate the polishing roll, as it may release harmful fumes.
- If the polishing roll is damaged or no longer usable, ensure that it is disposed of in a way that prevents environmental contamination.

Contact Information for Further Support

For any questions or concerns regarding the Forster Polishing Roll, please refer to the designated EU contact point for this product.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using the Forster Polishing Roll effectively and safely.
