

FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS - FORSTER PRODUCTS, INC. 28 NOSLER FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. A full length two die set is the die set beginning reloaders should start with, and the die set most hunters and many target shooters use every time they reload their cases. These Forster full length die sets include a full length sizing die and the Forster Bench Rest seater die. Forster full length sizers feature hand polishing and the E-Z case neck expander system - a Forster exclusive. NATIONAL MATCH DIES reduce headspace by .003" and are intended for bolt action target rifles only.

Attributes

- Name: [FORSTER PRODUCTS, INC. 28 NOSLER FULL LENGTH DIE SET](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

Safety Instruction Guide for Forster Full Length Sizing and Bench Rest Seater Die Sets

Introduction

Thank you for choosing the Forster Full Length Sizing and Bench Rest Seater Die Sets. These highquality reloading dies are designed to enhance your reloading experience by ensuring precision and consistency in the ammunition you create. To ensure your safety and the effective use of this product, please read and follow the guidelines outlined in this safety instruction guide.

General Safety Guidelines

- Always use the reloading dies in accordance with the manufacturer's instructions.
- Ensure that all tools and equipment used in the reloading process are in good working condition.
- Keep the reloading area clean and organized to prevent accidents.
- Store all reloading components, including dies, in a secure place away from children and pets.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Be aware of the specific hazards associated with the materials you are working with, including primers and powders.
- If you are new to reloading, consider seeking guidance from experienced reloaders or taking a reloading course.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The dies produce sharp edges during machining; handle with care to avoid cuts.
- The reloading process involves the use of primers and gunpowder, which can be hazardous if mishandled.
- Ensure proper ventilation in the workspace to avoid inhalation of dust or fumes.

- **Avoiding Hazards:**

- Always follow the recommended load data from reputable sources.
- Do not exceed maximum load limits as specified in loading manuals.
- Keep all components away from heat sources and open flames.
- Never use damaged or worn dies; inspect them regularly for signs of wear.

- **AgeSpecific Warnings:**

- This product is intended for use by individuals aged 18 years and older. Keep out of reach of children.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including the Forster Full Length Sizing Die, Bench Rest Seater Die, and a reloading press.
- Ensure you have appropriate components: brass cases, primers, powder, and bullets.

2. Installation:

- Secure the Forster Full Length Sizing Die into the reloading press according to the manufacturer's instructions.
- Adjust the die to the correct position for sizing based on your specific cartridge specifications.
- Install the Bench Rest Seater Die in a similar manner, ensuring it is set to the desired bullet seating depth.

3. Usage:

- Begin the reloading process by resizing the brass cases with the sizing die.
- Use the EZ case neck expander system to ensure proper neck tension.
- Follow the reloading manual for recommended powder charges and bullet seating techniques.
- Always doublecheck your work for consistency and accuracy.

4. PostUse:

- After reloading, clean the dies and store them in a safe place.
- Dispose of any unused components and materials according to local regulations.

Disposal Instructions

- Dispose of any used or damaged reloading components in accordance with local hazardous waste disposal regulations.
- Ensure that all materials are kept out of reach of children and pets during disposal.

Contact Information for Further Support

For any safety inquiries or concerns about the Forster Full Length Sizing and Bench Rest Seater Die Sets, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable reloading experience. Thank you for choosing Forster Products, and happy reloading!
