

PRIMER CATCHER CAP AND CUP FOR CO-AX PRESS - FORSTER PRODUCTS, INC. PRIMER CATCHER CAP FOR CO-AX PRESS

[Reloading](#) > [Reloading Presses](#) > [Single Stage Presses](#)

When resizing and depriming cases, it's important to have a place for spent primers to go, and the Forster Primer Catcher Cap and Cup is purpose-built for use on your go-to co-axial press. These catchers are essential to have on-hand when working with your press, either as a handy spare or to replace a worn, well-used primer catching tray on your reloading press.

Safety Instruction Guide for PRIMER CATCHER CAP AND CUP FOR COAX PRESS

Introduction

Thank you for choosing the Forster Primer Catcher Cap and Cup for your coaxial press. This product is designed to provide a safe and efficient way to collect spent primers during the resizing and depriming process. It is important to follow the safety instructions outlined in this guide to ensure proper use and to minimize any risks associated with the product.

General Safety Guidelines

- Ensure the Primer Catcher Cap and Cup is compatible with your coaxial press before use.
- Always inspect the product for any signs of damage or wear before installation.
- Keep the product out of reach of children and pets to prevent accidents.
- Use the Primer Catcher Cap and Cup only for its intended purpose as specified in this guide.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Do not attempt to modify or alter the Primer Catcher Cap and Cup in any way.
- Avoid overfilling the catcher; empty it regularly to prevent spills and blockages.
- Use caution when handling spent primers, as they may pose a risk of ignition if mishandled.
- Ensure that your work area is wellventilated while using the press and the Primer Catcher.
- Always wear appropriate personal protective equipment, such as safety glasses and gloves, when reloading.

Instructions for Installation and Usage

1. Installation

- Ensure the coaxial press is turned off and unplugged before installation.
- Remove any existing primer catcher tray from the press, if applicable.
- Align the Primer Catcher Cap and Cup with the designated attachment point on the press.
- Secure the cap and cup in place according to the manufacturer's instructions.

2. Usage

- Begin the resizing and depriming process as per your usual reloading procedure.
- Monitor the Primer Catcher Cap and Cup regularly to ensure it is collecting spent primers effectively.
- When the catcher is full, turn off the press and carefully remove the cap and cup.
- Dispose of spent primers in accordance with local regulations regarding hazardous materials.

Disposal Instructions

- Dispose of the Primer Catcher Cap and Cup according to local waste management regulations.
- If the product is damaged or no longer functional, recycle it if possible, or dispose of it as per local guidelines for nonhazardous materials.
- Do not dispose of spent primers in regular household waste; check with local authorities for safe disposal methods.

Contact Information for Further Support

For any questions regarding the safety and usage of the Primer Catcher Cap and Cup, please refer to the manufacturer's support resources. It is important to stay informed about any updates or safety recalls related to this product.

By following these safety instructions, you can ensure a safe and efficient reloading experience with your Forster Primer Catcher Cap and Cup. Thank you for your attention to safety.
