Absolutely Essential For Accurate, Safe, Chamber Work

FORSTER SAAMI RIMLESS HEADSPACE GAUGES The Forster Headspace Gauges are precision instruments designed to help gunsmiths and firearm enthusiasts accurately measure the headspace of rifle chambers, ensuring firearms operate safely and reliably. Proper headspace is critical for preventing malfunctions such as misfires, case ruptures, or excessive wear, which can compromise both performance and safety. These gauges are indispensable when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Engineering: Machined to exacting SAAMI specifications, these gauges provide accurate measurements to verify that a firearm's chamber meets industry standards. Variety of Gauges: Available in "Go," "No-Go," and "Field" configurations, each gauge serves a specific purpose: Go Gauge: Confirms the minimum chamber size, ensuring the firearm will chamber and fire a cartridge safely. No-Go Gauge: Checks that the chamber does not exceed the maximum recommended headspace; the bolt should not close on this gauge. Field Gauge: Used to determine the absolute maximum safe headspace; if the bolt closes on this gauge, the firearm is considered unsafe to shoot. Durable Construction: Crafted from high-grade steel and hardened for longevity, these gauges withstand repeated use without compromising accuracy. Specifications: Material: Hardened steel Dimensions: Specific to each caliber and gauge type Compliance: Manufactured to SAAMI specifications Customer Insights: Customers commend the Forster Headspace Gauges for their precision and reliability. The clear differentiation between "Go," "No-Go," and "Field" gauges allows users to perform comprehensive headspace assessments confidently. The durable construction ensures that the gauges maintain their integrity and accuracy over time, even with frequent use. Users also appreciate the wide range of calibers available, making it easy to find the appropriate gauge for various firearms. Incorporating the Forster Headspace Gauges into your gunsmithing toolkit ensures that your rifle chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [FORSTER PRODUCTS, INC. 22 LONG RIFLE GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 319022043
- Mfr. No.: HG22RIMG
- Cartridge: 22 Match, 22 Short, 22 Long, 22 Long Rifle
- Colour: Steel
- Height: 0.265"
- Length: 0.043"
- Material: Steel
- Model Number: 22 Long Rifle Go
- Style: Go Gauge
- Weight: 0.026 lbs

- Width: 0.265"
- Delivery weight: 0.014kg
- Shipping height: 15mm
- Shipping width: 86mm
- Shipping length: 91mm

Safety Instruction Guide for HEADSPACE GAUGES FORSTER PRODUCTS, INC. 22 LONG RIFLE GO GAUGE

Introduction

Thank you for choosing the HEADSPACE GAUGES FORSTER PRODUCTS, INC. 22 LONG RIFLE GO GAUGE. This product is designed to ensure the safe and accurate measurement of the chamber length in rifles. Proper use of this gauge is essential for maintaining safety while handling firearms. Please read this safety instruction guide thoroughly before using the product.

General Safety Guidelines

- Always ensure that you are using the gauge in a safe environment, free from distractions.
- Keep the gauge out of reach of children and unauthorized users.
- Always wear appropriate personal protective equipment (PPE) when handling firearms and gauges.
- Regularly inspect your gauge for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of firearms and related equipment.
- If you are unsure about any aspect of using this gauge, seek assistance from a qualified professional.

Specific Safety Precautions for Use

- Before using the gauge, ensure that the firearm is unloaded and the action is open.
- Always check the headspace before firing a used firearm to ensure safety.
- Use the gauge only as intended; do not attempt to modify or alter it.
- When chambering a new barrel, use the gauge to verify a tight and accurate fit.
- Do not exceed the specified dimensions of the gauge to avoid unsafe conditions.
- If the gauge does not fit properly, do not attempt to force it into the chamber.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is pointed in a safe direction.
- Confirm the firearm is completely unloaded.

2. Using the Gauge:

- Insert the gauge into the chamber of the rifle gently.
- Ensure that the gauge is seated fully in the chamber.
- Check for any resistance; if there is resistance, do not force the gauge.

3. Measuring Headspace:

- If the gauge fits properly, it indicates that the headspace is within acceptable limits.
- If the gauge does not fit, consult a qualified gunsmith for further assessment.

4. PostUsage:

- Remove the gauge from the chamber carefully.
- Clean the gauge after use to maintain its accuracy and longevity.

Disposal Instructions

- Dispose of the gauge according to local regulations regarding metal and firearm accessory disposal.
- Do not throw the gauge in regular household waste.
- If the gauge is damaged or no longer usable, contact local recycling facilities for proper disposal methods.

Contact Information for Further Support

For safety inquiries or concerns regarding the HEADSPACE GAUGES FORSTER PRODUCTS, INC. 22 LONG RIFLE GO GAUGE, please consult your local authorized dealer or visit the manufacturer's website for more information.

Thank you for prioritizing safety while using the HEADSPACE GAUGES FORSTER PRODUCTS, INC. 22 LONG RIFLE GO GAUGE. Your adherence to these guidelines helps ensure a safe and enjoyable experience in your shooting activities.
