Absolutely Essential For Accurate, Safe, Chamber Work

FORSTER SAAMI RIMLESS HEADSPACE GAUGES The Forster Headspace Gauges are precision instruments designed to help gunsmiths and firearm enthusiasts accurately measure the headspace of rifle chambers, ensuring firearms operate safely and reliably. Proper headspace is critical for preventing malfunctions such as misfires, case ruptures, or excessive wear, which can compromise both performance and safety. These gauges are indispensable when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Engineering: Machined to exacting SAAMI specifications, these gauges provide accurate measurements to verify that a firearm's chamber meets industry standards. Variety of Gauges: Available in "Go," "No-Go," and "Field" configurations, each gauge serves a specific purpose: Go Gauge: Confirms the minimum chamber size, ensuring the firearm will chamber and fire a cartridge safely. No-Go Gauge: Checks that the chamber does not exceed the maximum recommended headspace; the bolt should not close on this gauge. Field Gauge: Used to determine the absolute maximum safe headspace; if the bolt closes on this gauge, the firearm is considered unsafe to shoot. Durable Construction: Crafted from high-grade steel and hardened for longevity, these gauges withstand repeated use without compromising accuracy. Specifications: Material: Hardened steel Dimensions: Specific to each caliber and gauge type Compliance: Manufactured to SAAMI specifications Customer Insights: Customers commend the Forster Headspace Gauges for their precision and reliability. The clear differentiation between "Go," "No-Go," and "Field" gauges allows users to perform comprehensive headspace assessments confidently. The durable construction ensures that the gauges maintain their integrity and accuracy over time, even with frequent use. Users also appreciate the wide range of calibers available, making it easy to find the appropriate gauge for various firearms. Incorporating the Forster Headspace Gauges into your gunsmithing toolkit ensures that your rifle chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [FORSTER PRODUCTS, INC. 30-06 SPRINGFIELD FIELD GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 319306058
- Mfr. No.: HG3006F
- Cartridge: 30-06 Springfield, 25-06 Remington, 6.5-06, 270 Winchester, 8 mm-06, 338-06, 35 Whelen
- Colour: Steel
- Height: 0.47"
- Length: 2.058"
- Material: Steel
- Model Number: 30-06 Springfield Field
- Style: Field Gauge
- Weight: 0.112 lbs

- Width: 0.47"
- Delivery weight: 0.05kg
- Shipping height: 20mm
- Shipping width: 89mm
- Shipping length: 89mm
- UPC: 757253004629

Safety Instruction Guide for HEADSPACE GAUGES FORSTER PRODUCTS, INC. 3006 SPRINGFIELD FIELD GAUGE

Introduction

Thank you for choosing the HEADSPACE GAUGES FORSTER PRODUCTS, INC. 3006 SPRINGFIELD FIELD GAUGE. This product is designed to help you accurately measure and test the length of the rifle chamber, ensuring a safe and effective firearm experience. Please read this safety instruction guide carefully to understand how to use the gauge safely and effectively.

General Safety Guidelines

- Always ensure that the firearm is unloaded before using the headspace gauge.
- Inspect the gauge for any visible damage before use.
- Use the gauge only for its intended purpose as outlined in this guide.
- Keep the gauge out of reach of children and unauthorized users.
- If you are unsure about using the gauge, seek assistance from a qualified gunsmith.

Specific Safety Precautions for Use

- Ensure you are in a safe and controlled environment when using the gauge.
- Always wear appropriate safety gear, including eye protection, when working with firearms.
- Do not attempt to modify or alter the gauge in any way.
- Follow all local laws and regulations related to firearms and headspace measurements.
- If you experience any difficulties or irregularities during use, stop immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is completely unloaded.
- Gather all necessary tools and safety equipment.

2. Using the Headspace Gauge:

- Insert the gauge into the chamber of the firearm.
- Ensure that the gauge fits snugly and securely within the chamber.
- Observe the gauge reading and compare it to the specifications for your firearm.

3. Interpreting Results:

- If the gauge indicates that the headspace is within acceptable limits, you may proceed with chambering a new barrel or firing the firearm.
- If the gauge indicates that the headspace is outside of acceptable limits, do not fire the firearm. Consult a qualified gunsmith for further evaluation.

4. PostUse:

- Remove the gauge from the chamber and clean it if necessary.
- Store the gauge in a safe place, away from children and unauthorized users.

Disposal Instructions

- Dispose of any used or damaged headspace gauges according to local regulations.
- Do not dispose of the gauge in regular household waste. Instead, contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the HEADSPACE GAUGES FORSTER PRODUCTS, INC. 3006 SPRINGFIELD FIELD GAUGE, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website.

Conclusion

By following the guidelines and instructions outlined in this safety instruction guide, you can ensure a safe and effective experience with your HEADSPACE GAUGES FORSTER PRODUCTS, INC. 3006 SPRINGFIELD FIELD GAUGE. Always prioritize safety and consult professionals when in doubt. Thank you for your commitment to responsible firearm use.
