# Safety Instruction Guide for Adjustable Focus Box Borescope Kit

## Introduction

Thank you for choosing the Adjustable Focus Box Borescope Kit by Gradient Lens. This guide provides important safety information and usage instructions to ensure your safety and the effective operation of the product. Please read this guide carefully before using the borescope.

## General Safety Guidelines

- Always use the borescope in accordance with the manufacturer's instructions.
- Keep the device out of reach of children and vulnerable individuals.
- Regularly inspect the borescope and its components for any signs of damage.
- Do not use the borescope if any part is damaged or malfunctioning.
- Ensure that the light source is used according to safety guidelines to prevent overheating or electrical hazards.
- Dispose of any packaging materials responsibly to avoid hazards to children and pets.

## Specific Safety Precautions for Use

- Ensure that the area where you are using the borescope is welllit and free from clutter.
- Avoid using the borescope in wet or damp conditions to prevent electrical hazards.
- Do not insert the borescope into any area that could cause injury or damage to the device.
- Handle the borescope gently to avoid damaging the optics or the internal components.
- When using the mirror tube, ensure it is securely attached to prevent detachment during use.

## Instructions for Installation and Usage

### Installation

1. Unbox the Adjustable Focus Box Borescope Kit and ensure all components are included:
  - Adjustable focus Hawkeye Borescope
  - Mirror tube
  - Cleaning kit
  - Light source
  - Diecut foam box
  - Laminated box top
2. Check the light source to ensure it is functioning properly. Replace batteries if necessary.
3. Attach the mirror tube securely to the borescope.

### Usage

1. **Adjusting Focus:** Use the adjustable focus feature to achieve a clear view of the inspected area.
2. **Inspection:** Carefully insert the borescope into the area you wish to inspect. Avoid excessive force.
3. **Lighting:** Activate the light source to illuminate the inspection area. Ensure the light is positioned to provide optimal visibility.
4. **Cleaning:** After use, clean the borescope with the provided cleaning kit to maintain the integrity of the optics.

## Disposal Instructions

- Dispose of the borescope and its components in accordance with local regulations regarding electronic

waste.

- Ensure that any batteries are disposed of at designated battery recycling locations.
- Do not dispose of the product in regular household waste.

## Contact Information for Further Support

For any safety inquiries or assistance regarding the Adjustable Focus Box Borescope Kit, please contact your local distributor or refer to the manufacturer's website for further information.

By following these guidelines, you can ensure a safe and effective experience with your Adjustable Focus Box Borescope Kit. Remember to stay informed about product recalls and safety updates through the EU's Safety Gate platform. Thank you for prioritizing safety!
