

# ENHANCED EJECTION PORT COVERS - MAGPUL ENHANCED EJECTION PORT COVER FOR AR-15 FDE

[Rifle Parts](#) > [Receiver Parts](#) > [Ejection Port Cover Parts](#) > [Ejection Port Covers](#)

The Enhanced Ejection Port Cover is a drop-in upgrade designed to provide an improved installation process, physical strength, and corrosion resistance over the standard USGI ejection port cover. Traditional stamped-steel ejection ports are malleable, prone to corrosion, and require tools to install. The Enhanced Ejection Port Cover snaps into place easily without having to remove your hand guard or barrel nut, wind any loose springs, or adjust small e-clips. Constructed of impact-resistant injection molded polymer, it is corrosion resistant and will not bend or deform from impacts. Installs easily in seconds. Direct replacement for USGI ejection port cover. Durable, injection-molded polymer construction. Corrosion resistant components. Will not bend or deform from impacts.

## Attributes

- Name: [MAGPUL ENHANCED EJECTION PORT COVER FOR AR-15 FDE](#)
- Manufacturer: [MAGPUL](#)
- Product no.: 430100062
- Mfr. No.: MAG1206-FDE
- Weapon type: AR-15
- Delivery weight: 0.027kg
- Shipping height: 19mm
- Shipping width: 83mm
- Shipping length: 222mm
- UPC: 840815137955

## Item details

Made in USA

US export classification: 0A501.x

# Enhanced Ejection Port Covers Safety Instructions

## Introduction

Thank you for choosing the Enhanced Ejection Port Cover for your AR15. This product is designed to provide improved functionality, durability, and ease of installation. It is important to follow these safety instructions to ensure the safe use and longevity of your product.

## General Safety Guidelines

- Ensure the Enhanced Ejection Port Cover is compatible with your AR15 model before installation.
- Always handle firearms safely and responsibly. Follow all local laws and regulations regarding firearm safety.
- Inspect the product for any damage or defects before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not attempt to modify or alter the Enhanced Ejection Port Cover. Modifications can compromise safety and functionality.
- Ensure that the firearm is unloaded before installing or removing the ejection port cover.
- Use only the recommended tools for installation as specified in the instructions.
- Be cautious of sharp edges during installation to avoid cuts or injuries.
- Avoid exposure to extreme temperatures or harsh chemicals, as they may affect the integrity of the polymer material.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that your AR15 is unloaded and pointed in a safe direction.
- Gather the necessary tools (if any) as specified in the product documentation.

### 2. Installation

- Remove the existing ejection port cover if applicable. This may require the use of tools.
- Align the Enhanced Ejection Port Cover with the ejection port.
- Snap the cover into place. Ensure it is securely fastened and does not move freely.
- Verify that the cover operates smoothly and does not obstruct the ejection port.

### 3. Usage

- Regularly check the ejection port cover for any signs of wear or damage.
- Clean the cover as needed with mild soap and water. Avoid abrasive cleaners that may scratch the surface.
- If you notice any issues with the cover, discontinue use and contact support for assistance.

## **Disposal Instructions**

- Dispose of the Enhanced Ejection Port Cover in accordance with local regulations regarding plastic waste.
- Do not incinerate, as this may release harmful pollutants.
- If the product is damaged beyond repair, consider recycling options for the polymer material.

## **Contact Information for Further Support**

For any questions or concerns regarding the Enhanced Ejection Port Cover, please refer to the product documentation or contact the manufacturer directly. Ensure you have your product details ready for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your Enhanced Ejection Port Cover. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
