

# ENHANCED EJECTION PORT COVERS - MAGPUL ENHANCED EJECTION PORT COVER FOR AR-15 ODG

[Rifle Parts](#) > [Receiver Parts](#) > [Ejection Port Cover Parts](#) > [Ejection Port Covers](#)

The Enhanced Ejection Port Cover is a drop-in upgrade designed to provide an improved installation process, physical strength, and corrosion resistance over the standard USGI ejection port cover. Traditional stamped-steel ejection ports are malleable, prone to corrosion, and require tools to install. The Enhanced Ejection Port Cover snaps into place easily without having to remove your hand guard or barrel nut, wind any loose springs, or adjust small e-clips.

Constructed of impact-resistant injection molded polymer, it is corrosion resistant and will not bend or deform from impacts. Installs easily in seconds  
Direct replacement for USGI ejection port cover  
Durable, injection-molded polymer construction  
Corrosion resistant components  
Will not bend or deform from impacts

## Attributes

- Name: [MAGPUL ENHANCED EJECTION PORT COVER FOR AR-15 ODG](#)
- Manufacturer: [MAGPUL](#)
- Product no.: 430100065
- Mfr. No.: MAG1206-ODG
- Weapon type: AR-15
- Delivery weight: 0.027kg
- Shipping height: 19mm
- Shipping width: 83mm
- Shipping length: 222mm
- UPC: 840815137962

## Item details

Made in USA

US export classification: 0A501.x

# Enhanced Ejection Port Cover Safety Instruction Guide

## Introduction

Thank you for choosing the Enhanced Ejection Port Cover by MAGPUL for your AR15. This product is designed to enhance the functionality and reliability of your firearm. Please read this safety instruction guide carefully to ensure safe installation and usage.

## General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure that the firearm is unloaded before performing any installation or maintenance.
- Keep the Enhanced Ejection Port Cover and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the Enhanced Ejection Port Cover for any signs of wear or damage.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not attempt to modify the Enhanced Ejection Port Cover, as this may compromise its safety and functionality.
- Ensure that the cover is properly installed before using the firearm.
- Be aware of your surroundings and ensure a safe shooting environment.
- Follow all local laws and regulations regarding the use of firearms.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that the firearm is unloaded.
- Gather necessary tools if needed (though the Enhanced Ejection Port Cover is designed for toolfree installation).

### 2. Installation

- Remove any existing ejection port cover if applicable.
- Align the Enhanced Ejection Port Cover with the ejection port.
- Snap the cover into place. Ensure that it is securely fastened and does not move.

### 3. Usage

- After installation, test the functionality of the Enhanced Ejection Port Cover by operating the firearm.
- Ensure that the cover opens and closes smoothly without obstruction.

### 4. Maintenance

- Regularly check the Enhanced Ejection Port Cover for any signs of wear or damage.
- Clean the cover with a damp cloth as needed to remove dirt or debris.

## **Disposal Instructions**

- Dispose of the Enhanced Ejection Port Cover in accordance with local waste disposal regulations.
- If the product is damaged or no longer functional, ensure it is disposed of in a manner that prevents accidental use.

## **Contact Information for Further Support**

For any questions or concerns regarding the Enhanced Ejection Port Cover, please refer to the manufacturer's website or contact their customer service for assistance.

This safety instruction guide is designed to help you use the Enhanced Ejection Port Cover safely and effectively. Please keep this document for future reference.
