

# ATLAS R-ONE M-LOK FREE FLOATING HANDGUARDS FOR AR-15 - AERO PRECISION ATLAS R-ONE 15" HANDGUARD M-LOK FREE FLOAT FOR AR-15 RAL8000

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The ATLAS R-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the R-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Our proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Available in KeyMod and M-LOK® profiles with 12" and 15" options (7" and 9" options coming soon). ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. Lightweight By Design KeyMod Handguard Weights: 7" - 5.12 oz / 9" - 5.92 oz / 12" - 7.84 oz / 15" - 8.96 oz M-LOK Handguard Weights: 7" - 5.22 oz / 9" - 6.03 oz / 12" - 8 oz / 15" - 9.07 oz Mounting Hardware Weight: 4.72 oz (same across all ATLAS Handguard options) Features: Full top picatinny rail for optional attachments Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels ATLAS Handguards are designed to match seamlessly with our M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo.

# ATLAS RONE MLOK Free Floating Handguards

## Safety Instructions

### Introduction

Thank you for choosing the ATLAS RONE MLOK Free Floating Handguards for your AR15. This guide provides essential safety instructions to ensure the proper use and installation of your handguard, in compliance with the EU General Product Safety Regulation (GPSR). Please read this document carefully before use.

### General Safety Guidelines

- Ensure safe use of the handguard by following all instructions provided.
- Be aware of potential hazards, including improper installation and use that may lead to injury or damage.
- Regularly check for product recalls and safety updates on the EU Safety Gate platform.
- If you are using this product in an online purchase, ensure that the seller meets all safety requirements.
- Extra caution should be taken when the product is used by or around vulnerable groups, such as children.
- For any safety inquiries, refer to the designated EU contact point provided by the manufacturer.

### Specific Safety Precautions for Use

- Always inspect the handguard for any signs of damage before installation.
- Ensure that all mounting hardware is securely tightened before use.
- Use only compatible accessories and attachments as specified in the product guidelines.
- Avoid using the handguard with incompatible upper receivers, such as billet upper receivers, due to potential safety risks.
- Do not exceed the weight limit of attachments on the handguard to prevent failure during use.
- If you notice any unusual movement or instability during use, cease operation immediately and inspect the installation.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools and mounting hardware included with your ATLAS RONE handguard.
- Ensure you are working in a clean and welllit environment.

#### 2. Installation Steps:

- Remove the existing handguard from your AR15 upper receiver.
- Clean the upper receiver to remove any debris or residue.
- Align the ATLAS RONE handguard with the upper receiver and ensure it fits securely.
- Use the provided barrel nut and locking nuts to attach the handguard, following the instructions for the ATLAS attachment system.
- Tighten the turnbuckle screw to secure the handguard in place, ensuring even pressure is applied to avoid distortion.
- Doublecheck that all hardware is tightened properly and that the handguard is stable before use.

#### 3. Usage:

- When using the handguard, maintain a proper grip and avoid placing excessive weight on it.
- Regularly check the stability of the handguard during use, especially after extensive handling or firing.

## **Disposal Instructions**

- Dispose of the handguard and any packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling programs in your area that accept aluminum materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the ATLAS RONE MLOK Free Floating Handguards, please refer to the manufacturer's support channels. It is important to address any safety inquiries promptly to ensure safe use of the product.

Thank you for choosing the ATLAS RONE handguard. Your safety is our priority.
