

# EXPANDER WING MK 2 - SPIRITUS SYSTEMS EXPANDER WING MK 2, MULTICAM

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

The Expander Wing Mk 2 was built as direct replacement for the original Spiritus Systems Micro Fight Expander Wing Set with a focus on enhancing the product's functionality for plate carriers. The wing attaches to a Micro Fight Chassis or 556 Placard with a Velcro flap and can be mounted for increased storage capacity on a chest rig or under the cummerbunds of a LV/119. Unlike its predecessor, the Expander Wing Mk 2 is completely reversible, and can be used on either the right or left side of the torso without any reduction in functionality or storage capacity. Spiritus Systems sells the Expander Wing Mk 2 individually for end users who do not require a full set for their loadout. (Reminder: If you want a set of these, make sure to add TWO to the cart.) Wings used for chest rigs are mounted to the soft loop Velcro field on the back side of the Micro Fight Chest Rig. They also utilize Spiritus Systems unique loop over design that attaches to your Fat or Skinny straps to ensure a comfortable and stable attachment that will not sag even with heavy items placed inside. When used in conjunction with plate carriers, the Expander Wing Mk 2 will integrate with both Velcro and TUBES cummerbunds. The wing features a TUBES bar pass-through so the cummerbund can be attached or separated without the need to remove the expander wing. The Expander Wing Mk 2 is designed to hug the body which reduces their signature and securely holds items in place. The base Expander Wing Mk 2 pocket depth is 6" however, the adjustable internal retention strap can be lengthened or shortened to create the perfect pocket depth for your items. The top of the pocket also features double eyelets and a bungee retention kit, so radios and magazines remain secure during periods of movement. The expander wing will hold most small & medium caliber rifle magazines as well as a variety of radio platforms like the MPU5, 152, 163, and smaller units like Motorola XTS 5000.

## Attributes

- Name: [SPIRITUS SYSTEMS EXPANDER WING MK 2, MULTICAM](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430100524
- Mfr. No.: CR-EW-MC-02

# Expander Wing Mk 2 Safety Instruction Guide

## Introduction

Thank you for choosing the Expander Wing Mk 2 by Spiritus Systems. This product is designed to enhance the functionality of your plate carriers and chest rigs while ensuring safety during use. This guide provides essential safety instructions, installation procedures, and disposal information to help you use the Expander Wing Mk 2 effectively and safely.

## General Safety Guidelines

- Ensure that all components are intact and free from damage before use.
- Follow all installation instructions carefully to avoid improper use.
- Regularly inspect the Expander Wing Mk 2 for signs of wear and tear.
- Do not exceed the recommended load capacity to maintain safety and functionality.
- Keep the product out of reach of children to prevent accidents.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the Expander Wing Mk 2 only as intended. It is designed for attachment to Micro Fight Chassis or 556 Placards.
- Ensure that the Velcro flap is securely fastened before use to prevent detachment during movement.
- When using the Expander Wing Mk 2 with a plate carrier, ensure compatibility with your specific cummerbund type (Velcro or TUBES).
- Avoid overloading the pockets to maintain stability and comfort.
- If using the adjustable internal retention strap, ensure it is correctly adjusted to secure items without causing damage.

## Instructions for Installation and Usage

### 1. Attachment to Micro Fight Chassis or 556 Placard:

- Align the Expander Wing Mk 2 with the Velcro field on the Micro Fight Chassis or 556 Placard.
- Press firmly to ensure proper adhesion.

### 2. Mounting on Chest Rigs:

- Locate the soft loop Velcro field on the back side of the Micro Fight Chest Rig.
- Attach the Expander Wing Mk 2 by pressing it firmly against the Velcro field.

### 3. Using with Cummerbunds:

- For TUBES cummerbunds, pass the TUBES bar through the designated slot on the Expander Wing Mk 2.
- Adjust the cummerbund as needed without removing the Expander Wing Mk 2.

### 4. Adjusting Pocket Depth:

- To adjust the internal retention strap, locate the strap inside the pocket.
- Lengthen or shorten the strap as needed to achieve the desired pocket depth.

### 5. Securing Items:

- Place items such as magazines or radios inside the pockets.

- Utilize the double eyelets and bungee retention kit to secure items during movement.

## **Disposal Instructions**

- Dispose of the Expander Wing Mk 2 in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling materials where possible.
- Do not dispose of the product in regular household waste if it contains electronic components.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the Expander Wing Mk 2, please refer to your local Spiritus Systems representative or authorized dealer.

By following these guidelines and instructions, you can ensure a safe and effective experience with your Expander Wing Mk 2. Thank you for your attention to safety, and enjoy your product.
