

MICRO FIGHT CHASSIS MK4 - SPIRITUS SYSTEMS MICRO FIGHT CHASSIS MK4, MULTICAM

[Shooting Accessories](#) > [Tactical Gear](#) > [Chest Rigs](#)

The Micro Fight Chest Rig Mk4 is designed to be extremely efficient, modular, and lightweight. The Micro Fight works seamlessly with Spiritus Systems accessories suite, which offers nearly endless configurations. The Micro Fight features soft loop Velcro in both pockets to enable you to put mission essential items where you want them based on your individual needs. The improved profile allows for the use of six 5.56 x .45 style magazines or four 7.62 x .51 magazines or any combination of rifle and pistol magazines. The 5" x 9" field of hard loop Velcro on the back of the rig allows for solid integration with accessories, such as the SACK Pouch or Expander Wings. The larger Velcro field also allows a solid integration onto plate carriers, such as the LV119. In addition to the larger Velcro field, the MK 4 also allows for sub load integration of a tourniquet utilizing the two integrated grommets and our Universal Retention Kit. **Unmatched Versatility** The Micro Fight Chest Rig sports a host of accessories like no other system. The user can select from any of our accessories to meet operational requirements. The platform is lightweight and small while still allowing you to carry multiple types of munitions and equipment. Examples include rifle and pistol Magazines, 37/40mm grenades, flash-bangs, multi-tools, flashlights, medical supplies, and breaching equipment. **Stand Alone System** The Micro Fight Chest Rig was designed to perform as a stand-alone system. It can be configured for wear in low visibility environments that require minimal printing through clothing with maximum equipment storage. It can also be configured for high visibility operations where a full spectrum of equipment is required. **Placard Configuration** The Micro Fight Chest Rig was designed to work seamlessly as a "Placard" for plate carrier systems. Simply remove the 1 inch side release buckles and attach the system via the hard loop Velcro located on the back of the system to your plate carrier. This configuration allows for profile expansion or reduction as mission requirements change. **NOTE:** The CHASSIS is part of the Micro Fight Chest Rig System. This item does not include shoulder straps, back strap, half or full flaps, magazine inserts, or any other accessories. Additional components are required for proper use. If running as a stand-alone system, shoulder straps, back strap, magazine inserts, and possibly full or half flaps are needed. If running on a plate carrier, flap(s), and magazine insert(s) are needed. Some images shown with optional accessories, sold separately.

Micro Fight Chest Rig Mk4 Safety Instruction Guide

Introduction

Thank you for choosing the Micro Fight Chest Rig Mk4 by Spiritus Systems. This guide provides important safety instructions to ensure the safe and effective use of your chest rig. Please read this document carefully before using the product to understand how to use it safely and responsibly.

General Safety Guidelines

- **Product Safety:** Ensure that the Micro Fight Chest Rig is used in accordance with the guidelines provided. This product is designed for nonfood use and should not be used in a manner that is inconsistent with its intended purpose.
- **Enhanced Recalls:** In the event of a product recall, you will be notified through standardized recall notices. Please follow the instructions provided for returning or exchanging the product.
- **Online Shopping:** If you purchased this product online, you have the same safety protections as if you bought it in a physical store. Ensure that the online platform complies with safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors to avoid any potential hazards.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Stay informed about product safety updates through the EU's Safety Gate platform. Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Check for Damage:** Before use, inspect the Micro Fight Chest Rig for any signs of wear or damage. Do not use if any components are compromised.
- **Proper Fit:** Ensure that the chest rig is properly fitted to your body to avoid discomfort or injury during use.
- **Weight Capacity:** Do not exceed the recommended weight capacity of the chest rig. Overloading can lead to equipment failure.
- **Secure Fastenings:** Make sure all buckles and Velcro fastenings are securely fastened before use to prevent accidental release.
- **Environmental Considerations:** Be aware of your surroundings when wearing the chest rig. Avoid situations where the rig may become snagged or caught.
- **Training:** Familiarize yourself with the rig and its features through proper training before operational use.

Instructions for Installation and Usage

1. Fitting the Chest Rig:

- Adjust the shoulder straps and back strap to ensure a snug yet comfortable fit.
- Ensure that the rig does not obstruct your movement.

2. Attaching Accessories:

- Use the soft loop Velcro in the pockets to secure missionessential items in place.
- For additional accessories, utilize the 5" x 9" field of hard loop Velcro located on the back of the rig.

3. **Placard Configuration:**

- To use the rig as a placard, remove the 1inch side release buckles.
- Attach the rig to your plate carrier using the hard loop Velcro on the back.
- Adjust the configuration as needed for mission requirements.

4. **Loading Magazines:**

- Load up to six 5.56 x .45 style magazines, four 7.62 x .51 magazines, or any combination of rifle and pistol magazines.
- Ensure magazines are securely placed in their designated pockets.

5. **Using Grommets for Tourniquet:**

- Utilize the two integrated grommets for sub load integration of a tourniquet using the Universal Retention Kit.

6. **Storage:**

- Store the chest rig in a cool, dry place when not in use to maintain its integrity.

Disposal Instructions

- **Disposal of Product:** When the Micro Fight Chest Rig reaches the end of its life or is no longer needed, dispose of it in accordance with local regulations for textile waste.
- **Recycling:** If possible, recycle the materials to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the Micro Fight Chest Rig Mk4, please refer to the contact details provided by your retailer or the manufacturer's website.

This safety instruction guide is designed to ensure your safety and the effective use of the Micro Fight Chest Rig Mk4. Always prioritize safety and follow the guidelines outlined in this document.
