

# MICRO FIGHT CHASSIS MK4 - SPIRITUS SYSTEMS MICRO FIGHT CHASSIS MK4, RANGER GREEN

[Shooting Accessories](#) > [Tactical Gear](#) > [Chest Rigs](#)

The Micro Fight Chest Rig Mk4 is designed to be extremely efficient, modular, and lightweight. The Micro Fight works seamlessly with Spiritus Systems accessories suite, which offers nearly endless configurations. The Micro Fight features soft loop Velcro in both pockets to enable you to put mission essential items where you want them based on your individual needs. The improved profile allows for the use of six 5.56 x .45 style magazines or four 7.62 x .51 magazines or any combination of rifle and pistol magazines. The 5" x 9" field of hard loop Velcro on the back of the rig allows for solid integration with accessories, such as the SACK Pouch or Expander Wings. The larger Velcro field also allows a solid integration onto plate carriers, such as the LV119. In addition to the larger Velcro field, the MK 4 also allows for sub load integration of a tourniquet utilizing the two integrated grommets and our Universal Retention Kit. **Unmatched Versatility** The Micro Fight Chest Rig sports a host of accessories like no other system. The user can select from any of our accessories to meet operational requirements. The platform is lightweight and small while still allowing you to carry multiple types of munitions and equipment. Examples include rifle and pistol Magazines, 37/40mm grenades, flash-bangs, multi-tools, flashlights, medical supplies, and breaching equipment. **Stand Alone System** The Micro Fight Chest Rig was designed to perform as a stand-alone system. It can be configured for wear in low visibility environments that require minimal printing through clothing with maximum equipment storage. It can also be configured for high visibility operations where a full spectrum of equipment is required. **Placard Configuration** The Micro Fight Chest Rig was designed to work seamlessly as a "Placard" for plate carrier systems. Simply remove the 1 inch side release buckles and attach the system via the hard loop Velcro located on the back of the system to your plate carrier. This configuration allows for profile expansion or reduction as mission requirements change. **NOTE:** The CHASSIS is part of the Micro Fight Chest Rig System. This item does not include shoulder straps, back strap, half or full flaps, magazine inserts, or any other accessories. Additional components are required for proper use. If running as a stand-alone system, shoulder straps, back strap, magazine inserts, and possibly full or half flaps are needed. If running on a plate carrier, flap(s), and magazine insert(s) are needed. Some images shown with optional accessories, sold separately.

# Safety Instruction Guide for MICRO FIGHT CHASSIS MK4 SPIRITUS SYSTEMS

## Introduction

Thank you for choosing the Micro Fight Chest Rig Mk4 by Spiritus Systems. This guide provides important safety information and instructions to ensure the safe and effective use of your product. Please read this document carefully before use.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the Micro Fight Chest Rig by following all instructions. This product is designed for tactical use and should be handled with care.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. If a recall occurs, you will be provided with remedies at no cost.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety regulations as required by EU laws.
- **Special Consumer Focus:** This product is not intended for children. Keep out of reach of minors to avoid misuse.
- **EU Contact Point:** For any safety inquiries, ensure you have access to the EU-based contact point for this product.
- **Rapid Alerts:** Be aware of any updates regarding product safety through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Proper Configuration:** Ensure that the Micro Fight Chest Rig is configured correctly for your intended use. Follow the installation instructions closely.
- **Weight Distribution:** When carrying equipment, ensure that the weight is evenly distributed to avoid strain or injury.
- **Visibility:** Be mindful of the visibility of the rig in different environments. It can be configured for low visibility or high visibility as needed.
- **Accessory Compatibility:** Only use accessories that are compatible with the Micro Fight Chest Rig. Using incompatible accessories may pose safety risks.
- **Regular Inspections:** Periodically inspect the rig for wear and tear. Replace any damaged components to maintain safety.

## Instructions for Installation and Usage

### Installation

1. **Remove Buckles:** If using as a placard, remove the 1inch side release buckles.
2. **Attach to Plate Carrier:** Use the hard loop Velcro located on the back of the rig to attach it securely to your plate carrier.
3. **Check Fit:** Ensure that the rig is fitted snugly and comfortably on your body.

### Usage

- **Loading Magazines:** Load magazines into the designated pockets, ensuring they are securely fastened.
- **Accessory Integration:** Utilize the 5" x 9" field of hard loop Velcro on the back for additional accessories like the SACK Pouch or Expander Wings.
- **Sub Load Integration:** If using a tourniquet, ensure it is secured using the integrated grommets and Universal Retention Kit.

## Disposal Instructions

- **Environmental Considerations:** Dispose of the Micro Fight Chest Rig in accordance with local regulations. Avoid discarding it in regular household waste.
- **Recycling:** If possible, recycle components of the rig that are made from recyclable materials.

## Contact Information for Further Support

For any questions or concerns regarding the Micro Fight Chest Rig Mk4, please consult the manufacturer's website or customer service for support. Ensure you have your product details ready for assistance.

By following these guidelines, you can ensure the safe use of your Micro Fight Chest Rig Mk4 while maximizing its functionality. Thank you for your attention to safety and enjoy using your product.
