

# ASSAULT BACK PANEL CORE - SPIRITUS SYSTEMS ASSAULT BACK PANEL CORE , MULTICAM

[Home](#)

The top of the Panel features a custom double pull, separating zipper. This zipper serves three purposes. It allows the Flaps to be completely removed from the Core and swapped out. It allows communication antennas and other items such as cabling, hydration tubes, and breaching tools to be routed into and out of the top of the panel. It provides quick access to the inside of the panel without lifting the entire Flap. The Assault Panel Core also has three direction snaps to hold Flaps securely on and to keep tools held inside the panel. The Assault Panel Core features 4 external attachment zippers. These zippers allow the panel to be worn in three configurations. Configuration 1 uses the top zippers to attach the panel to the plate bag. This compresses the panel and allows the panel to be worn in a "light" configuration. This configuration of the panel is great for assaulters who want a streamlined and tight configuration and only need to carry things like a small hydration bladder, slap charges, flash bangs and GP kit on their backs. Configuration 2 uses the bottom zippers to attach the panel to the plate bag. This configuration gives the user much more capacity and configures the panel into more of a backpack. This provides the same features as Configuration 1, but with the added volume for bulky items such as radios, cold weather gear, poll less litters, etc. Configuration 3 also uses the bottom zippers to attach to the rear plate bag, but introduces the bottom expansion as well. This expansion offers the ability to carry longer tools and store even more bulky items in the expanded space. The Assault Panel Core comes standard with a permanently affixed large GP pocket on the lower half. This pocket is velcro lined for attachment of accessory items. It features a total of two tie down locations inside the pouch for securing sensitive equipment. The front of the pouch features a zippered stash pocket for organizing smaller, commonly needed items. This pocket also has a 4" x 5" Velcro Field for attaching identification patches. Behind the GP pocket is a hidden stash compartment. This is used for storing the lower half of slap charges or breach pens when they are passed through the flaps above. It can also be used to stash E&E equipment or smaller personal items. Each side of the panel features six tie down loops for securing longer items external to the panel. These loops are great for attaching Tri-Fold or Bi-Fold charges or other tall items. The bottom expansion has a G-Hook internal to the panel that allows you to secure it in place if a heavier load needs to be carried inside, but you do not want the expansion to deploy inadvertently. Fitment Guide Medium Overt Plate Bags - Fits Large Overt Plate Bags - Fits, could use an XL Adapter if you have very thick plates, and are overloading the panel. Extra Large Overt Plate Bags - Needs an XL Adapter to be compatible with the XL Plate Bags. Some images shown with optional accessories, sold separately.

## Attributes

- Name: [SPIRITUS SYSTEMS ASSAULT BACK PANEL CORE , MULTICAM](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430100552

# Safety Instruction Guide for ASSAULT BACK PANEL CORE SPIRITUS SYSTEMS

## Introduction

Thank you for choosing the ASSAULT BACK PANEL CORE from SPIRITUS SYSTEMS. This guide provides essential safety instructions to ensure the safe use and maintenance of the product. Please read and follow the guidelines carefully to maximize safety and performance.

## General Safety Guidelines

- **Product Safety:** Ensure safe use by following all instructions. The product is designed for use in tactical situations and should be handled with care.
- **Enhanced Recalls:** Stay informed about product recalls. If a recall notice is issued, follow the instructions provided for returning or remedying the product.
- **Online Shopping:** When purchasing online, ensure that the platform complies with safety standards. Verify the seller's reputation and product safety information.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of children to prevent accidents.
- **EU Contact Point:** For any safety inquiries, refer to the product packaging for contact information of the manufacturer or distributor.
- **Rapid Alerts:** Monitor the EU Safety Gate platform for updates on product safety and recalls.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Risk of injury if used improperly or without proper training.
  - Ensure that all components are securely attached before use.
- **Avoiding Hazards:**
  - Do not overload the panel beyond its capacity.
  - Ensure that all flaps and pockets are closed securely when in use.
  - Regularly inspect the panel for wear and tear. Replace if damaged.
- **Age Specific Warnings:**
  - This product is intended for adult use only. Keep away from children.

## Instructions for Installation and Usage

- **Installation:**
  - Ensure the panel is compatible with your plate bag.
  - For Medium Overt Plate Bags, the panel fits directly.
  - For Large Overt Plate Bags, an XL Adapter may be required if using thick plates.
  - For Extra Large Overt Plate Bags, an XL Adapter is necessary for compatibility.
- **Usage:**
  - **Configuration 1:** Attach the panel to the plate bag using the top zippers for a light configuration. Ideal for carrying small items.
  - **Configuration 2:** Use the bottom zippers for a larger capacity, converting the panel into a backpack style. Suitable for bulkier items.
  - **Configuration 3:** Attach to the rear plate bag with bottom expansion for longer tools and additional storage.
- **Securing Items:**

- Use the six tie down loops on each side of the panel to secure longer items.
- Utilize the internal GHook for securing the bottom expansion when carrying heavier loads.
- **Pocket Use:**
  - The GP pocket is velcro lined for accessories and features tie down locations for sensitive equipment.
  - Use the zippered stash pocket for smaller items and attach identification patches to the Velcro Field.
  - The hidden stash compartment can be used for storing items discreetly.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not incinerate or dispose of in regular household waste.
- Consider recycling options if available.

## **Contact Information for Further Support**

For any questions or concerns regarding the ASSAULT BACK PANEL CORE, please refer to the product packaging for the manufacturer's contact information.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your ASSAULT BACK PANEL CORE.
