NOTE: This LV/119 Cummerbund is designed for use with a front O V E R T and rear O V E R T or C O V E R TLV/119 plate bag. The TUBES™ MOLLE Cummerbund was designed to be a lightweight and simple load carriage solution for the LV/119 series of vests. Using the widely adopted MOLLE system, the cummerbund offers almost infinite configurations for mission needs by utilizing any MOLLE accessory that can be found on the market. The cummerbund is designed to allow simultaneous use of the same MOLLE cell for products mounted on the inside and outside of the cummerbund. The TUBES™ MOLLE Cummerbund is a great option for those who are in and out of their vest frequently and have experienced wear and tear on their Velcro attachment vests. It is also a great option for those who are wearing their equipment in and around water. The TUBES™ MOLLE Cummerbund features the officially licensed First Spear TUBES™ Attachments systems developed by and officially licensed from First Spear. The TUBES™ MOLLE Cummerbund is Berry Amendment Compliant materials sourced from industry leaders in textiles manufacturing. Cummerbund Attachment The cummerbund attachment is a proprietary system that allows for the use of all of our cummerbunds, as well as allowing for a wide range of adjustment. The cummerbund attaches inside the plate bag, which is advantageous for a few reasons. There is no external mounting that can get snagged or rip off when exiting vehicles in haste. The design creates a smooth profile when worn underneath clothing. Velcro is not utilized as an attachment method on the rear plate bag. Velcro wears out over time and is a generally less-than-optimal attachment method when not supported in other ways. Velcro doesn't handle weight well and it sticks to everything, especially cloth seats. Every front plate bag comes standard with sewn loops on the sides for attaching First Spear TUBES™ for use with our TUBES™ cummerbund. Sizing The cummerbund comes in two sizes: Size 1 and Size 2, each offering up to 14 inches of total adjustment. This allows for a proper fitment for a wide variety of body types. To figure our appropriate sizing, take measurement of the waist at the belly button. When measuring, users should dress as they would while actually wearing the carrier. For example, if the user is operating in arctic environments, they should be wearing cold weather equipment when measuring. Size 1: 28" to 42" Size 2: 40" to 54" If your waist measurement is 42", we suggest going up to the Size 2 cummerbund. SOLD AS A SET. NOTE: The LV119 Cummerbund is part of the LV119 Plate Carrier System. This item does not include a Front Plate Bag, Rear Plate Bag, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use. Some images shown with optional accessories, sold separately.

Instructions for Installation and Usage

1. Sizing:

- Measure your waist at the belly button while wearing typical clothing.
- Select the appropriate size:
 - Size 1: 28" to 42"
 - Size 2: 40" to 54"
- If your waist measurement is 42", it is recommended to choose Size 2.

2. Attachment:

- Attach the cummerbund inside the plate bag for optimal fit and safety.
- Ensure that the cummerbund is secured and that there are no loose ends that could snag during movement.
- Utilize the sewn loops on the sides of the front plate bag for secure attachment of First Spear TUBES™.

3. Adjusting Fit:

- Adjust the cummerbund to achieve a snug fit without restricting movement.
- Ensure the cummerbund is comfortable and does not interfere with your range of motion.

4. Wearing the Cummerbund:

- When wearing the cummerbund, ensure that it is positioned correctly under your clothing to maintain a smooth profile.
- Avoid using Velcro as an attachment method on the rear plate bag, as it may wear out over time.

5. PostUse Care:

- After use, inspect the cummerbund for any signs of damage or wear.
- Clean the cummerbund according to the manufacturer's instructions to maintain its integrity and functionality.

Disposal Instructions

- Dispose of the MOLLE TUBES Cummerbund responsibly, following local regulations for textile waste.
- If the product is damaged beyond repair, consider recycling materials where possible.
