

MOLLE HOOK & LOOP CUMMERBUND - SPIRITUS SYSTEMS MOLLE HOOK & LOOP CUMMERBUND (SIZE 1), MULTICAM

[Home](#)

NOTE: This LV/119 Cummerbund is designed for use with a front and rear LV/119 plate bag. The Hook & Loop MOLLE Cummerbund was designed to be a lightweight and simple load carriage solution for the LV/119 series of vests. Using the widely adopted MOLLE system, the cummerbund offers almost infinite configurations for mission needs by utilizing any MOLLE accessory that can be found on the market. The cummerbund is designed to allow simultaneous use of the same MOLLE cell for products mounted on the inside and outside of the cummerbund. The Hook & Loop MOLLE Cummerbund features premium, Berry Amendment Compliant materials sourced from industry leaders in textiles' manufacturing. Cummerbund Attachment The cummerbund attachment is a proprietary system that allows for the use of all of our cummerbunds, as well as allowing for a wide range of adjustment. The cummerbund attaches inside the plate bag, which is advantageous for a few reasons. There is no external mounting that can get snagged or rip off when exiting vehicles in haste. The design creates a smooth profile when worn underneath clothing. Hook & Loop is not utilized as an attachment method on the rear plate bag. Hook & Loop wears out over time and is a generally less-than-optimal attachment method when not supported in other ways. Hook & Loop doesn't handle weight well and it sticks to everything, especially cloth seats. Sizing The cummerbund comes in two sizes: Size 1 and Size 2, each offering up to 14 inches of total adjustment. This allows for a proper fitment for all body types. To figure our appropriate sizing, take measurement of the waist at the belly button. When measuring, users should dress as they would while actually wearing the carrier. For example, if the user is operating in arctic environments, they should be wearing cold weather equipment when measuring. Size 1: 28" to 42" Size 2: 40" to 54" SOLD AS A SET. If your waist measurement is 42", we suggest going up to the Size 2 cummerbund. NOTE: The LV119 Cummerbund is part of the LV119 Plate Carrier System. This item does not include a Front Plate Bag, Rear Plate Bag, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use. Some images shown with optional accessories, sold separately.

MOLLE Hook & Loop Cummerbund Safety Instructions

Introduction

Thank you for choosing the MOLLE Hook & Loop Cummerbund by Spiritus Systems. This product is designed to enhance your load carriage capabilities while ensuring safety during use. Please read this safety instruction guide carefully to ensure proper use and maintenance of the cummerbund.

General Safety Guidelines

- **Product Safety:** Ensure safe use of this cummerbund by following all instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about recalls by checking the EU's Safety Gate platform regularly.
- **Online Shopping:** If purchased online, ensure the retailer complies with safety requirements similar to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Use only by individuals who are trained and knowledgeable in tactical gear.
- **EU Contact Point:** For any safety inquiries, refer to the EU-based contact provided by your retailer.
- **Rapid Alerts:** Be aware of updates on unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- **Sizing:** Measure your waist accurately at the belly button to ensure a proper fit. The cummerbund comes in two sizes:
 - Size 1: 28" to 42"
 - Size 2: 40" to 54"
- **Weight Bearing:** Avoid overloading the cummerbund with excessive weight. Hook & Loop attachments may not support heavy loads effectively.
- **Clothing Compatibility:** When wearing the cummerbund, dress as you would during actual use to ensure accurate sizing and fit.
- **Avoid Snagging:** Be cautious when exiting vehicles or moving through tight spaces to prevent snagging or ripping the cummerbund.
- **Maintenance:** Regularly inspect the cummerbund for wear and tear, particularly the Hook & Loop areas, and replace if damaged.

Instructions for Installation and Usage

1. Installation:

- Open the front and rear LV/119 plate bags.
- Insert the cummerbund attachment into the designated slots inside the plate bag.
- Ensure that the cummerbund is secured properly and adjust as needed for a snug fit.

2. Usage:

- Once installed, wear the cummerbund over appropriate clothing.
- Adjust the cummerbund for comfort and security, ensuring it is not too tight or too loose.
- Utilize the MOLLE system to attach any compatible accessories, ensuring they are securely fastened.

Disposal Instructions

- Dispose of the cummerbund in accordance with local regulations for textile waste.
- If the cummerbund is damaged beyond repair, ensure it is disposed of in a manner that prevents potential hazards to the environment.

Contact Information for Further Support

For any further inquiries or support regarding the MOLLE Hook & Loop Cummerbund, please refer to the contact information provided by your retailer or manufacturer.
