

MOLLE HOOK & LOOP CUMMERBUND - SPIRITUS SYSTEMS MOLLE HOOK & LOOP CUMMERBUND (SIZE 2), BLACK

[Home](#)

NOTE: This LV/119 Cummerbund is designed for use with a front and rear LV/119 plate bag. The Hook & Loop MOLLE Cummerbund was designed to be a lightweight and simple load carriage solution for the LV/119 series of vests. Using the widely adopted MOLLE system, the cummerbund offers almost infinite configurations for mission needs by utilizing any MOLLE accessory that can be found on the market. The cummerbund is designed to allow simultaneous use of the same MOLLE cell for products mounted on the inside and outside of the cummerbund. The Hook & Loop MOLLE Cummerbund features premium, Berry Amendment Compliant materials sourced from industry leaders in textiles' manufacturing. Cummerbund Attachment The cummerbund attachment is a proprietary system that allows for the use of all of our cummerbunds, as well as allowing for a wide range of adjustment. The cummerbund attaches inside the plate bag, which is advantageous for a few reasons. There is no external mounting that can get snagged or rip off when exiting vehicles in haste. The design creates a smooth profile when worn underneath clothing. Hook & Loop is not utilized as an attachment method on the rear plate bag. Hook & Loop wears out over time and is a generally less-than-optimal attachment method when not supported in other ways. Hook & Loop doesn't handle weight well and it sticks to everything, especially cloth seats. Sizing The cummerbund comes in two sizes: Size 1 and Size 2, each offering up to 14 inches of total adjustment. This allows for a proper fitment for all body types. To figure our appropriate sizing, take measurement of the waist at the belly button. When measuring, users should dress as they would while actually wearing the carrier. For example, if the user is operating in arctic environments, they should be wearing cold weather equipment when measuring. Size 1: 28" to 42" Size 2: 40" to 54" SOLD AS A SET. If your waist measurement is 42", we suggest going up to the Size 2 cummerbund. NOTE: The LV119 Cummerbund is part of the LV119 Plate Carrier System. This item does not include a Front Plate Bag, Rear Plate Bag, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use. Some images shown with optional accessories, sold separately.

MOLLE Hook & Loop Cummerbund Safety Instructions

Introduction

Thank you for choosing the MOLLE Hook & Loop Cummerbund by Spiritus Systems. This product is designed to enhance your load carriage capabilities while ensuring safety and comfort. Please read this guide carefully to understand how to use and maintain the cummerbund safely.

General Safety Guidelines

- Ensure that the cummerbund is used in accordance with the manufacturer's instructions.
- Regularly inspect the cummerbund for signs of wear or damage. Do not use if any part appears compromised.
- Keep the cummerbund away from sharp objects to avoid cuts and tears.
- Store the cummerbund in a cool, dry place when not in use to prevent deterioration of materials.
- Always check the fit before use to ensure it is secure and comfortable.

Specific Safety Precautions for Use

- The cummerbund is intended for use with the LV/119 plate bag system. Ensure compatibility before use.
- Avoid using the cummerbund in extreme conditions that may exceed its material limits.
- When wearing the cummerbund, ensure that it does not restrict movement or breathing.
- If using additional MOLLE accessories, ensure they are properly secured to avoid accidental detachment during use.
- For users operating in cold conditions, wear appropriate cold weather gear when measuring for size to ensure a proper fit.

Instructions for Installation and Usage

1. **Sizing:** Measure your waist at the belly button while wearing clothing similar to what you will use during operation.
 - Size 1: 28" to 42"
 - Size 2: 40" to 54"
 - If your waist measurement is 42", consider selecting Size 2 for optimal fit.
2. **Attachment:**
 - The cummerbund attaches inside the LV/119 plate bag.
 - Ensure the cummerbund is securely fastened inside the plate bag to prevent it from snagging or coming loose.
 - Avoid relying on Hook & Loop for rear plate bag attachment due to potential wear over time.
3. **Adjusting Fit:**
 - Adjust the cummerbund for a snug fit, allowing for up to 14 inches of total adjustment.
 - Ensure that the cummerbund does not inhibit movement or comfort while worn.
4. **Usage:**
 - When wearing the cummerbund, ensure it lies flat against the body and does not create bulges that may be uncomfortable or restrict movement.

- Check periodically during use to ensure it remains securely fastened.

Disposal Instructions

- When the cummerbund reaches the end of its usable life, dispose of it according to local regulations for textile waste.
- Do not incinerate the cummerbund, as it may release harmful substances when burned.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

Following these safety instructions will help ensure that you use the MOLLE Hook & Loop Cummerbund safely and effectively. Please keep this guide for future reference. Thank you for your attention to safety.
