

# **MOLLE HOOK & LOOP CUMMERBUND - SPIRITUS SYSTEMS MOLLE HOOK & LOOP CUMMERBUND (SIZE 2), RANGER GREEN**

[Home](#)

NOTE: This LV/119 Cummerbund is designed for use with a front and rear LV/119 plate bag. The Hook & Loop MOLLE Cummerbund was designed to be a lightweight and simple load carriage solution for the LV/119 series of vests. Using the widely adopted MOLLE system, the cummerbund offers almost infinite configurations for mission needs by utilizing any MOLLE accessory that can be found on the market. The cummerbund is designed to allow simultaneous use of the same MOLLE cell for products mounted on the inside and outside of the cummerbund. The Hook & Loop MOLLE Cummerbund features premium, Berry Amendment Compliant materials sourced from industry leaders in textiles' manufacturing. Cummerbund Attachment The cummerbund attachment is a proprietary system that allows for the use of all of our cummerbunds, as well as allowing for a wide range of adjustment. The cummerbund attaches inside the plate bag, which is advantageous for a few reasons. There is no external mounting that can get snagged or rip off when exiting vehicles in haste. The design creates a smooth profile when worn underneath clothing. Hook & Loop is not utilized as an attachment method on the rear plate bag. Hook & Loop wears out over time and is a generally less-than-optimal attachment method when not supported in other ways. Hook & Loop doesn't handle weight well and it sticks to everything, especially cloth seats. Sizing The cummerbund comes in two sizes: Size 1 and Size 2, each offering up to 14 inches of total adjustment. This allows for a proper fitment for all body types. To figure our appropriate sizing, take measurement of the waist at the belly button. When measuring, users should dress as they would while actually wearing the carrier. For example, if the user is operating in arctic environments, they should be wearing cold weather equipment when measuring. Size 1: 28" to 42" Size 2: 40" to 54" SOLD AS A SET. If your waist measurement is 42", we suggest going up to the Size 2 cummerbund. NOTE: The LV119 Cummerbund is part of the LV119 Plate Carrier System. This item does not include a Front Plate Bag, Rear Plate Bag, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use. Some images shown with optional accessories, sold separately.

## **Attributes**

- Name: [SPIRITUS SYSTEMS MOLLE HOOK & LOOP CUMMERBUND \(SIZE 2\), RANGER GREEN](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430100601

# MOLLE Hook & Loop Cummerbund Safety Instructions

## Introduction

Thank you for choosing the MOLLE Hook & Loop Cummerbund by Spiritus Systems. This product is designed to enhance your load carriage capabilities while ensuring safety and comfort during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that the cummerbund is compatible with your LV/119 plate bag before use.
- Regularly inspect the cummerbund for wear and tear, especially the Hook & Loop attachment areas.
- Follow the sizing guidelines to ensure a proper fit, which is crucial for effective use and safety.
- Use the cummerbund only for its intended purpose as specified in this manual.
- Keep the product out of reach of children and vulnerable individuals to prevent misuse.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Proper Fitment:** Measure your waist at the belly button and choose the appropriate size:
  - Size 1: 28" to 42"
  - Size 2: 40" to 54"
- If your waist measurement is at the upper limit of Size 1 (42"), it is recommended to use Size 2 for better comfort and security.
- When measuring for size, wear clothing similar to what you would wear while using the cummerbund.
- Avoid using the cummerbund in extreme conditions without proper clothing adjustments (e.g., cold weather gear in arctic environments).
- Do not overload the cummerbund with excessive weight, as it may compromise the Hook & Loop attachment.
- Ensure that the cummerbund is securely attached inside the plate bag to prevent it from snagging or ripping off during rapid movements.

## Instructions for Installation and Usage

### 1. Installation:

- Open the plate bag and locate the internal attachment points for the cummerbund.
- Thread the cummerbund through the designated slots or loops, ensuring it is positioned comfortably against your body.
- Adjust the cummerbund to fit snugly around your waist without being restrictive.

### 2. Usage:

- When wearing the cummerbund, ensure that it lies flat against your body to avoid any discomfort.
- Utilize the MOLLE system to attach compatible accessories, ensuring they are securely fastened.
- Regularly check the attachment points and the overall integrity of the cummerbund during use, especially after strenuous activities.

### 3. Maintenance:

- Clean the cummerbund according to the manufacturer's recommendations, avoiding harsh chemicals that may degrade the materials.

- Store the cummerbund in a cool, dry place when not in use to prolong its lifespan.

## **Disposal Instructions**

- When the cummerbund reaches the end of its useful life, dispose of it in accordance with local regulations.
- Recycle materials where possible, ensuring that any nonrecyclable components are disposed of responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the MOLLE Hook & Loop Cummerbund, please refer to the manufacturer's website or contact customer support for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your MOLLE Hook & Loop Cummerbund. Thank you for your attention to safety and for choosing Spiritus Systems.
