

51ST EDITION RELOADING HANDBOOK - LYMAN 51ST EDITION RELOADING HANDBOOK HARD COVER

[Reloading](#) > [Books & Videos](#) > [Books](#) > [Reloading Books & Manuals](#)

Lyman Products is proud to announce their 51st Edition Reloading Handbook. For more than a century, the Ideal and then Lyman handbooks have been the reloaders' core resource for proven reloading data. Lyman pioneered the concept of delivering a wide range of components to use in generating safe, accurate loads. As reloading has grown, so have Lyman handbooks, with each edition eclipsing its predecessor, growing in size and quantity of data and becoming an important addition to every serious reloader's library. Lyman's 51st Edition Reloading Handbook continues their standing as the proven source for reloading data. Lyman handbooks have always used the widest selection of cartridges, bullets and powder from all the major manufacturers. This 51st Edition continues their tradition as being the only data source using multiple brands throughout their data. New Cartridges Included: 224 Valkyrie, 22 Nosler, 24 Nosler, 6mm ARC, 6mm Creedmoor, 6.5 PRC, 6.5 Wea. RPM, 6.8 Western, 300 PRC, and more. Largest Selection of Bullets: Barnes, Berger, Hornady, Lapua, Sierra, Speer, Swift and Winchester plus full selection of Cast Bullets. Wide Range of Popular Powders: Accurate, Alliant, Hodgdon, IMR, Norma, Ramshot, VihtaVuori and Winchester. Feature Article on Progressive Presses: In addition to our standard How-To articles featuring loading on single station/turret presses, we also discuss Tips and Techniques for Loading on Progressive Presses. Full Color Edition: The 50th Anniversary Edition was our first reloading handbook produced in full color. The 51st Edition continues this well received enhancement.

Safety Instruction Guide for the 51st Edition Reloading Handbook

Introduction

Thank you for choosing the 51st Edition Reloading Handbook by Lyman Products. This guide is designed to provide you with essential safety instructions and guidelines to ensure safe usage of the reloading handbook. Please read this document carefully to familiarize yourself with the safety measures necessary for your reloading activities.

General Safety Guidelines

- Always follow the manufacturer's instructions and recommendations for reloading.
- Ensure you are using the latest edition of the reloading handbook for the most accurate data.
- Store all reloading components, including powders and primers, in a safe and secure location away from children and pets.
- Use only approved reloading equipment and components.
- Keep your reloading area clean and organized to prevent accidents.
- Regularly inspect your reloading equipment for wear and damage.
- Be aware of your surroundings and ensure you are in a wellventilated area when reloading.
- Avoid distractions while reloading and focus on the task at hand.

Specific Safety Precautions for Use

- **Handling Powders and Primers:**

- Store powders and primers in their original containers and keep them tightly closed.
- Avoid using powders and primers that show signs of damage or deterioration.
- Do not mix different brands or types of powders unless specified in the reloading handbook.
- Always measure powder charges with a reliable scale.

- **Use of Reloading Equipment:**

- Follow the specific instructions for each piece of reloading equipment.
- Ensure that all equipment is properly set up and maintained.
- Use protective eyewear when operating reloading presses and equipment.

- **Cartridge Loading:**

- Doublecheck all measurements and data before loading.
- Avoid overloading cartridges beyond the recommended specifications.
- Keep a log of your reloading activities for reference and safety.

- **Storage of Loaded Ammunition:**

- Store loaded ammunition in a cool, dry place away from direct sunlight.
- Keep loaded ammunition out of reach of children and unauthorized persons.

Instructions for Installation and Usage

- **Setting Up Your Reloading Station:**

- Choose a sturdy and stable workbench for your reloading station.

- Ensure that your reloading station is well lit and ventilated.
- Organize your tools and materials within easy reach to minimize movement while reloading.

- **Using the Reloading Handbook:**

- Refer to the appropriate sections of the handbook for specific data on cartridges, bullets, and powders.
- Follow the stepbystep instructions provided in the handbook for loading cartridges.
- Pay special attention to the feature articles that provide tips and techniques for using progressive presses.

- **Safety Checks:**

- Before starting, perform a safety check of your equipment and workspace.
- Make sure all tools are functioning correctly and that you have all necessary components at hand.
- Keep a fire extinguisher nearby in case of emergencies.

Disposal Instructions

- Dispose of any unused or expired reloading components according to local regulations.
- Do not throw away hazardous materials in regular trash. Check with local authorities for proper disposal methods.
- Recycle containers that held powders and primers where applicable.

Contact Information for Further Support

For any safety inquiries or additional support regarding the 51st Edition Reloading Handbook, please refer to the appropriate contact channels provided by Lyman Products. Always ensure that you are accessing the latest information and updates.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable reloading experience. Always prioritize safety and stay informed about best practices in reloading. Thank you for choosing the 51st Edition Reloading Handbook, and happy reloading!
