

# CCS POUCH - SPIRITUS SYSTEMS CCS POUCH - MULICAM BLACK

[Home](#)

The Spiritus Systems CCS Pouch is a purpose-build companion pouch for the MkV Chassis (purchase here). It is designed to cover the entire front of the chassis give the system a large volume of general-purpose storage. The Pouch is divided into two sections, with a strip of loop Velcro on the outside of the pouch for affixing identification and other patches. The rear interior section features two tie-down loops that are easily accessible from the top of the pouch opening and will accept the full range of Spiritus Systems utility inserts, including the padded GP insert. The front pocket is angled to ensure the pouch lays flat against the body when not in use, and will hold a wide range of phones, identification, tools and other utility equipment. The pouch is constructed out of high quality 500D Cordura nylon and both pocket sections are fully enclosed and secured with double zippers to keep small items contained. The MOLLE mounting systems consumes 6 columns and will fit flush when mounted to the chassis. It will also cover the entire front surface area of the MkV placard and helps the end user maintain full color matching capabilities with the rest of their kit.

# Safety Instruction Guide for CCS Pouch Spiritus Systems

## Introduction

Thank you for purchasing the CCS Pouch from Spiritus Systems. This guide provides important safety instructions to ensure the safe use and handling of your pouch. Please read this document carefully to familiarize yourself with the safety guidelines and precautions.

## General Safety Guidelines

- Ensure that the pouch is used only for its intended purpose as a companion pouch for the MkV Chassis.
- Regularly inspect the pouch for any signs of wear, damage, or malfunction before each use.
- Keep the pouch out of reach of children and vulnerable individuals to prevent accidents.
- Follow all installation and usage instructions carefully to avoid potential hazards.
- Report any unsafe conditions or accidents related to the pouch to the appropriate authorities.

## Specific Safety Precautions for Use

### • Hazard Identification:

- The pouch is made from highquality 500D Cordura nylon, which is durable but can be damaged by sharp objects.
- Ensure that the double zippers are functioning properly to avoid accidental opening during use.

### • Avoiding Hazards:

- Do not overload the pouch beyond its intended storage capacity.
- Ensure that all items stored in the pouch are secured to prevent them from falling out during movement.
- Avoid exposure to extreme temperatures or harsh chemicals that may degrade the material.

### • AgeSpecific Warnings:

- This pouch is not a toy and should not be used by children without adult supervision.

## Instructions for Installation and Usage

### • Installation:

1. Align the pouch with the MkV Chassis, ensuring that the MOLLE mounting system fits securely.
2. Attach the pouch by threading the MOLLE straps through the chassis slots, consuming 6 columns.
3. Ensure that the pouch is firmly secured and does not shift during use.

### • Usage:

- Open the pouch using the double zippers to access the interior compartments.
- Use the tiedown loops in the rear section to secure any utility inserts as needed.
- Store items in the front pocket, ensuring they are positioned to lay flat against the body when not in use.

## **Disposal Instructions**

- Dispose of the pouch responsibly in accordance with local regulations.
- If the pouch is damaged beyond use, consider recycling the materials if possible, or dispose of it in a waste facility that accepts synthetic materials.
