

CCS POUCH - SPIRITUS SYSTEMS CCS POUCH - WOODLAND

[Home](#)

The Spiritus Systems CCS Pouch is a purpose-build companion pouch for the MkV Chassis (purchase [here](#)). It is designed to cover the entire front of the chassis give the system a large volume of general-purpose storage. The Pouch is divided into two sections, with a strip of loop Velcro on the outside of the pouch for affixing identification and other patches. The rear interior section features two tie-down loops that are easily accessible from the top of the pouch opening and will accept the full range of Spiritus Systems utility inserts, including the padded GP insert. The front pocket is angled to ensure the pouch lays flat against the body when not in use, and will hold a wide range of phones, identification, tools and other utility equipment. The pouch is constructed out of high quality 500D Cordura nylon and both pocket sections are fully enclosed and secured with double zippers to keep small items contained. The MOLLE mounting systems consumes 6 columns and will fit flush when mounted to the chassis. It will also cover the entire front surface area of the MkV placard and helps the end user maintain full color matching capabilities with the rest of their kit.

Safety Instruction Guide for the CCS Pouch Spiritus Systems

Introduction

Thank you for choosing the CCS Pouch from Spiritus Systems. This guide provides essential safety instructions to ensure the safe and effective use of your pouch. Please read this guide carefully before use to maximize safety and functionality.

General Safety Guidelines

- Ensure that the pouch is used only for its intended purpose.
- Regularly inspect the pouch for signs of wear and tear. If damaged, discontinue use.
- Keep the pouch away from sharp objects that may puncture or tear the fabric.
- Do not overload the pouch beyond its intended capacity, as this may compromise its integrity.
- Store the pouch in a cool, dry place when not in use to prevent degradation of materials.

Specific Safety Precautions for Use

- Avoid contact with open flames or extreme heat sources to prevent melting or burning of materials.
- Ensure that all items stored within the pouch are secure and will not fall out during movement.
- When using the pouch in a tactical environment, be aware of your surroundings to prevent accidents.
- If using the pouch with children, supervise their use to prevent choking hazards from small items stored inside.

Instructions for Installation and Usage

1. Installation on MkV Chassis

- Align the CCS Pouch with the designated mounting area on the MkV Chassis.
- Ensure that the MOLLE mounting system aligns with the chassis and fits securely.
- Press down firmly to ensure the pouch is flush against the chassis.

2. Using the Pouch

- Open the double zippers to access the interior compartments.
- Place items in the appropriate sections, ensuring they are secured and will not shift during movement.
- Use the loop Velcro on the outside of the pouch to attach identification or patches as needed.
- When not in use, ensure the pouch is closed to protect contents.

3. Maintenance

- Clean the pouch with a damp cloth and mild detergent if necessary. Avoid harsh chemicals that may damage the material.
- Allow the pouch to air dry completely before storing.

Disposal Instructions

- Dispose of the pouch in accordance with local regulations regarding textile waste.
- If the pouch is no longer usable, consider recycling the materials where possible to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or concerns regarding the CCS Pouch, please refer to the manufacturer's guidelines or contact the retailer from whom the pouch was purchased.

Thank you for prioritizing safety and for your attention to these guidelines. Enjoy your new CCS Pouch!
