

# MICRO FIGHT CHASSIS - SPIRITUS SYSTEMS MICRO FIGHT CHASSIS MK5 - WOLF GREY

[Shooting Accessories](#) > [Tactical Gear](#) > [Chest Rigs](#)

The Micro Fight Chassis MkV is a small and lightweight chassis that can be used as either a standalone magazine placard on a plate carrier, or the central hub for a chest rig when other Spiritus Systems components are used. The MkV is a single cell placard-style chassis that is built with all-new materials and manufacturing processes. The design features MOLLE on the front and sides to accommodate additional magazine pouches. Tourniquets and other equipment can also be stowed outboard with our universal retention kit, and a row of anchor points along the top opening will interface with our magazine bungee retention kit to secure any caliber of weapon. The main cell of the MkV Chassis is lined with loop Velcro on both sides and will accommodate all of Spiritus Systems' magazine inserts. Versatile and Scalable The Micro Fight Chest Rig MkV will interface with the whole line of Spiritus Systems chest rig and plate carrier components. The footprint of the MkV is identical to the Mk4 and will seamlessly connect with Expander Wings, LV/119 plate bags, and the Thing 1 and Thing 2. The MkV is extremely capable as a low-bulk solution for environments where space and weight command a premium. However, the product's modularity and compatibility with all Spiritus Accessories allow the micro fight to scale from a minimalistic magazine carrier to a full-fledged plate carrier system, or various sustainment and comms-focused chest rigs. The CCS Pouch The MkV can be combined with its companion product, the CCS Pouch. The CCS pouch is a full-featured GP Pouch that vastly improves upon the legacy front cell's functionality, and storage capacity. For those that do not need a GP Pouch solution, the MkV's MOLLE front will accept any 3rd party magazine holders or other pouches

## Attributes

- Name: [SPIRITUS SYSTEMS MICRO FIGHT CHASSIS MK5 - WOLF GREY](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430101110
- Mfr. No.: CR-MF-WG-05
- Colour: Wolf Grey
- Delivery weight: 0.172kg
- Shipping height: 38mm
- Shipping width: 216mm
- Shipping length: 330mm

# Safety Instruction Guide for MICRO FIGHT CHASSIS MK5 WOLF GREY

## Introduction

Thank you for choosing the MICRO FIGHT CHASSIS MK5 by Spiritus Systems. This guide provides essential safety instructions and best practices for the use, installation, and disposal of your product. Please read this document carefully to ensure safe and effective use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a magazine placard or central hub for a chest rig.
- Always inspect the product for any signs of damage or wear before use. Do not use if damaged.
- Keep the product away from children and vulnerable individuals unless under adult supervision.
- Be aware of your surroundings while using the chassis, especially in environments where hazards may exist.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- When attaching or detaching the chassis from a plate carrier or other components, ensure that all connections are secure.
- Avoid overloading the chassis with excessive weight, which could compromise its structural integrity.
- Use only Spiritus Systems' magazine inserts or compatible thirdparty products that meet safety standards.
- Ensure that all equipment stored in the chassis is secured and does not obstruct movement or visibility.
- Regularly check the retention systems (e.g., bungee retention kit) for wear and replace as necessary.

## Instructions for Installation and Usage

### Installation

1. **Identify the Components:** Ensure you have the Micro Fight Chassis MkV and any additional components you wish to use.
2. **Secure the Chassis:**
  - Attach the chassis to your plate carrier or chest rig using the MOLLE webbing.
  - Ensure that it is firmly connected and that all straps and buckles are secured.
3. **Attach Additional Pouches:**
  - If using additional magazine pouches or accessories, attach them to the MOLLE webbing on the front and sides of the chassis.
  - Make sure all attachments are secure.

### Usage

1. **Loading Magazines:**
  - Insert magazines into the chassis, ensuring they are seated properly.
  - Use the universal retention kit to stow tourniquets or other equipment securely.
2. **Adjusting Fit:**
  - Adjust the straps and settings for a comfortable fit that does not impede movement.
  - Ensure that the chassis does not shift during use.
3. **Regular Maintenance:**
  - Regularly clean the chassis with mild soap and water. Avoid harsh chemicals that may degrade materials.

- Inspect all components for wear and tear, replacing any damaged parts immediately.

## **Disposal Instructions**

- Dispose of the Micro Fight Chassis MkV in accordance with local waste disposal regulations.
- If the product is no longer usable, consider recycling materials where applicable.
- Do not incinerate or expose to extreme heat, as this may release harmful substances.

## **Contact Information for Further Support**

For any safety inquiries or further support, please refer to the contact information provided with your product packaging or visit the Spiritus Systems website.

Thank you for your attention to these safety instructions. Your safety and the effective use of the MICRO FIGHT CHASSIS MK5 are our top priorities.
