

# ATLAS S-ONE M-LOK FREE FLOATING HANDGUARD FOR AR-15 - AERO PRECISION ATLAS S-ONE 16.6" HANDGUARD M-LOK FREE FLOAT FOR AR-15 BLK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

## Not Your Average Handguard

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Actual Handguard Lengths: 7.3", 9.3", 10.3", 12.7", 15" -- Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Available in M-LOK profiles with 7.3", 9.3", 10.3", 12.7" and 14.94 (Actual Length 15") options. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 7.3" - 4.86 oz / 9.3" - 5.47 oz / 10.3" - 6.0 oz / 12.7" - 7.00 oz / 15" - 7.95 oz Mounting Hardware Weight: 1.9 oz (same across all S-ONE Handguard options) FEATURES: Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. Please note: The ATLAS Handguards are NOT compatible with Aero's M4E1 Enhanced Upper Receiver.

# ATLAS SONE MLOK Free Floating Handguard Safety Instructions

## Introduction

Thank you for choosing the ATLAS SONE MLOK Free Floating Handguard for your AR15. This product is designed to enhance your firearm's performance while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use, install, and maintain your handguard safely.

## General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or handling the handguard.
- Use only compatible parts and accessories with your ATLAS SONE handguard.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Keep the handguard and all firearm components out of reach of children and unauthorized users.
- Regularly inspect your handguard for any signs of wear or damage before each use.
- Always wear appropriate safety gear, including eye protection, when handling firearms.

## Specific Safety Precautions for Use

- Ensure the handguard is securely mounted before use to prevent any accidents during firing.
- Do not exceed the manufacturer's recommended weight limits when attaching accessories to the handguard.
- Avoid using the handguard in extreme conditions (e.g., heavy rain, extreme heat) without proper precautions.
- Be cautious of sharp edges when handling the handguard during installation.
- If you notice any unusual sounds or movements while using the handguard, stop using it immediately and inspect it for issues.

## Instructions for Installation and Usage

### Installation Steps

#### 1. Prepare Your Workspace

- Ensure you are working in a clean, dry area with adequate lighting.
- Gather all necessary tools and the included mounting hardware.

#### 2. Remove the Existing Handguard

- Unload your firearm completely.
- Follow the manufacturer's instructions to safely remove the existing handguard.

#### 3. Install the ATLAS SONE Handguard

- Align the ATLAS handguard with the receiver of your AR15.
- Use the included mounting hardware to securely attach the handguard.
- Ensure the handguard is properly seated and there is no movement.

#### 4. Check the Installation

- After installation, verify that the handguard is securely mounted.
- Test the stability by applying gentle pressure to ensure it does not shift.

## **Usage Guidelines**

- Use the handguard only as intended, in conjunction with compatible AR15 components.
- Regularly check the attachment points for any loosening or wear during use.
- Maintain awareness of the handguard's temperature during use; excessive heat may affect performance.

## **Disposal Instructions**

- When disposing of the ATLAS SONE handguard, follow local regulations for the disposal of aluminum and firearm components.
- Do not dispose of the handguard in regular household waste.
- Consider recycling the aluminum material to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries, product support, or to report any unsafe conditions, please refer to the contact information provided by the manufacturer or retailer from whom you purchased the ATLAS SONE handguard.

Thank you for prioritizing safety while using your ATLAS SONE MLOK Free Floating Handguard. Enjoy your enhanced shooting experience!
