## Not Your Average Handguard

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Actual Handguard Lengths: 7.3", 9.3", 10.3", 12.7", 15" -- Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Available in M-LOK profiles with 7.3", 9.3", 10.3", 12.7" and 14.94 (Actual Length 15") options. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 7.3" - 4.86 oz / 9.3" - 5.47 oz / 10.3" - 6.0 oz / 12.7" - 7.00 oz / 15" - 7.95 oz Mounting Hardware Weight: 1.9 oz (same across all S-ONE Handguard options) FEATURES: Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. Please note: The ATLAS Handguards are NOT compatible with Aero's M4E1 Enhanced Upper Receiver.

# ATLAS SONE MLOK Free Floating Handguard Safety Instructions

## Introduction

Thank you for choosing the ATLAS SONE MLOK Free Floating Handguard for your AR15. This guide provides essential safety instructions to ensure safe usage, installation, and disposal of the product. Please read this document thoroughly before using the handguard.

## General Safety Guidelines

- Ensure that the handguard is compatible with your AR15 model before installation.
- Always follow local laws and regulations regarding firearm modifications and accessories.
- Inspect the handguard for any visible damage or defects before use.
- Keep the handguard out of reach of children and vulnerable individuals.
- If you experience any issues during installation or use, cease use immediately and seek professional assistance.

## Specific Safety Precautions for Use

- Do not exceed the manufacturer's recommended specifications for weight and mounting.
- Ensure that the handguard is properly secured to prevent any movement during use.
- Avoid exposing the handguard to extreme temperatures or harsh chemicals that may affect its integrity.
- Use only the provided mounting hardware to secure the handguard.
- Regularly check the handguard and all mounting components for wear and tear.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and components, including the ATLAS SONE handguard, mounting hardware, and a compatible AR15 upper receiver.
- Ensure that your workspace is clean and free of distractions.

### 2. Installation:

- Remove the existing handguard from the AR15 upper receiver.
- Align the ATLAS handguard with the upper receiver, ensuring that the indexing grooves are properly positioned.
- Use the provided mounting hardware to secure the handguard. Ensure that the tapered locking nuts are evenly tightened to distribute clamping pressure.
- Verify that the handguard is securely mounted and does not move.

### 3. Usage:

- Always handle your firearm in a safe manner, following all standard firearm safety practices.
- Use the handguard for its intended purpose and avoid any modifications that could compromise its integrity.
- When using accessories such as slings or bipods, ensure that they are compatible with the handguard and do not exceed weight limits.

## **Disposal Instructions**

- Dispose of the handguard and any accompanying hardware in accordance with local waste management regulations.
- Recycle materials where possible, particularly aluminum components.
- Do not dispose of the handguard in a manner that may pose a risk to the environment or public safety.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or product performance, please refer to the manufacturer's contact information provided with the product packaging.
