[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

One of the most critical components on your AR-15 is the charging handle, since it gives you complete control over your gun's firing status. Because of that, you need a charging handle that's easy to use and durable, and Aero Precision has the perfect option in the form of its Breach Ambidextrous Charging Handle. The larger of the two levers gives you more surface area for instant, easy activation of the lever, whether through rapid one-handed racking or other motions. The Aero Precision Breach Charging Handle is machined from 7075 aluminum and is treated with a hardcoat-anodized finish. Like all of Aero's products, this handle is made right here in the USA.

# Safety Instruction Guide for AR15 Breach Large Levers Charging Handle

## Introduction

Thank you for choosing the AR15 Breach Large Levers Charging Handle Ambidextrous by Aero Precision. This product is designed to enhance your control over your firearm while ensuring safety and reliability. To ensure safe and effective use, please read and follow the guidelines outlined in this safety instruction guide.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your AR15 and its components before using the charging handle.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep the firearm pointed in a safe direction at all times.
- Store your firearm and charging handle securely, out of reach of children and unauthorized users.
- Inspect the charging handle for any damage or wear before each use. Do not use if damaged.
- Follow all local laws and regulations regarding firearm ownership and handling.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when handling firearms.
- Use the charging handle with both hands if possible to maintain control and stability.
- Avoid using excessive force when racking the charging handle to prevent injury or damage.
- Do not attempt to modify or alter the charging handle in any way.
- Be aware of your surroundings and ensure that no one is in the line of fire when using the charging handle.
- If you experience any malfunction or failure while using the charging handle, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation

1. **Ensure Safety:** Before installation, ensure that your firearm is unloaded and pointed in a safe direction.
2. **Remove Old Charging Handle:** If applicable, remove the existing charging handle from the firearm.
3. **Insert New Charging Handle:** Align the Aero Precision Breach Charging Handle with the receiver and slide it into place.
4. **Secure the Charging Handle:** Ensure that the charging handle is seated properly and is secure in the receiver.
5. **Function Check:** Perform a function check to ensure that the charging handle operates smoothly.

### Usage

1. **Grip the Charging Handle:** Use your dominant hand to grip the larger lever of the charging handle.
2. **Pull Back:** Pull the charging handle back firmly and quickly to chamber a round or clear the firearm.
3. **Release:** Allow the charging handle to return forward under spring tension.
4. **FollowUp:** Always check the firearm's status after using the charging handle to ensure it is ready for safe operation.

## Disposal Instructions

- Dispose of the charging handle in accordance with local regulations regarding metal recycling or

hazardous waste.

- Ensure that the charging handle is rendered unusable before disposal to prevent unauthorized use.

## **Contact Information for Further Support**
