An Ambidextrous Charging Handle Designed for Your AR-15

One of the most critical components on your AR-15 is the charging handle, since it gives you complete control over your gun's firing status. Because of that, you need a charging handle that's easy to use and durable, and Aero Precision has the perfect option in the form of its Breach Ambidextrous Charging Handle. Each Aero Precision Breach Charging Handle can be had in two different sizes, so you can choose the one that best meets your needs. The smaller of the two levers provides a sleek design that blends in with the overall lines of your rifle without creating any snag points, but it still provides a comfortable, ergonomic surface for easy racking. The larger of the two levers gives you more surface area for instant, easy activation of the lever, whether through rapid one-handed racking or other motions. The Aero Precision Breach Charging Handle is machined from 7075 aluminum and is treated with a hardcoat-anodized finish. Like all of Aero's products, this handle is made right here in the USA.

Safety Instruction Guide for AR15 Breach Small Levers Charging Handle Ambidextrous

Introduction

Thank you for choosing the Aero Precision Breach Ambidextrous Charging Handle for your AR15. This guide provides important safety information and instructions to ensure the safe use and maintenance of your charging handle. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is suitable for your specific model of AR15 before installation.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the charging handle and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the charging handle for any signs of wear or damage before each use.
- Do not modify the charging handle or any firearm components, as this may lead to safety hazards.
- If you experience any issues with the charging handle, cease use immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or using the charging handle.
- Use the charging handle only as intended. It is designed for racking the firearm and should not be used for any other purpose.
- When racking the charging handle, maintain a firm grip to avoid slippage.
- Avoid placing your fingers near the ejection port while operating the charging handle.
- Be aware of your surroundings and ensure that you are in a safe environment when using the charging handle.

Instructions for Installation and Usage

Installation

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing charging handle, if applicable, by following the manufacturer's instructions.
3. Align the Aero Precision Breach Charging Handle with the receiver of the AR15.
4. Insert the charging handle into the receiver and ensure it is seated properly.
5. Test the charging handle by racking it to confirm it operates smoothly.

Usage

- To rack the firearm, grasp the charging handle firmly with one hand.
- Pull the charging handle back fully to ensure the bolt is engaged.
- Release the charging handle to allow it to return to its original position.
- For lefthanded users, the ambidextrous design allows for operation with the left hand as easily as with the right.

Disposal Instructions

- When disposing of the charging handle, ensure that it is done in accordance with local regulations regarding metal and firearm component disposal.
- If the charging handle is damaged beyond repair, consider recycling the aluminum material if possible.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Aero Precision Breach Charging Handle, please consult the appropriate manufacturer or retailer. They can provide additional guidance and support regarding your product.

By following these instructions and safety guidelines, you can ensure a safe and enjoyable experience with your Aero Precision Breach Ambidextrous Charging Handle. Always prioritize safety and responsible firearm handling.
