## An Ambi Charging Handle Sized Right for Your AR .308 Rifle

A large-frame AR .308 rifle needs a larger charging handle than those small, flimsy mil-spec designs. This Aero Precision Breach Ambidextrous Charging Handle is sized right for your big-bore AR, and it's built right so that you can count on it in harsh environments and brutal scenarios. Each Aero Precision Breach Charging Handle can be had in two different sizes, so you can choose the one that best meets your needs. The smaller of the two levers provides a sleek design that blends in with the overall lines of your rifle without creating any snag points, but it still provides a comfortable, ergonomic surface for easy racking. The larger of the two levers gives you more surface area for instant, easy activation of the lever, whether through rapid one-handed racking or other motions. The Aero Precision Breach Charging Handle is machined from 7075 aluminum and is treated with a hardcoat-anodized finish. Like all of Aero's products, this handle is made right here in the USA.

- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates regarding unsafe products.

## Specific Safety Precautions for Use

- **Inspect Before Use:** Always inspect the charging handle for any defects or damage before installation and use.
- **Proper Handling:** Use the charging handle with both hands when necessary to maintain control and ensure safety.
- **Avoid Forceful Actions:** Do not apply excessive force when racking the charging handle, as this may cause damage or malfunction.
- **Keep Area Clear:** Ensure that the area around you is clear of obstacles and bystanders when operating the charging handle.
- **Store Safely:** After use, store the charging handle in a safe place to prevent accidental use or injury.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Align the charging handle with the receiver of your AR .308 rifle.
- Insert the charging handle into the receiver until it is securely in place.
- Verify that the charging handle operates smoothly without obstruction.

### 2. Usage:

- To charge the rifle, grip the large lever with your dominant hand.
- Pull the lever back firmly to engage the bolt carrier group.
- Release the lever to allow it to return to its original position.
- Ensure that the firearm is in a safe and controlled environment when performing this action.

## **Disposal Instructions**

- Dispose of the AR 308 Breach Charging Handle in accordance with local regulations.
- If the product is damaged beyond use, consider recycling the aluminum material if possible.
- Do not dispose of the charging handle in regular household waste.
