An Ambi Charging Handle Sized Right for Your AR .308 Rifle

A large-frame AR .308 rifle needs a larger charging handle than those small, flimsy mil-spec designs. This Aero Precision Breach Ambidextrous Charging Handle is sized right for your big-bore AR, and it's built right so that you can count on it in harsh environments and brutal scenarios. Each Aero Precision Breach Charging Handle can be had in two different sizes, so you can choose the one that best meets your needs. The smaller of the two levers provides a sleek design that blends in with the overall lines of your rifle without creating any snag points, but it still provides a comfortable, ergonomic surface for easy racking. The larger of the two levers gives you more surface area for instant, easy activation of the lever, whether through rapid one-handed racking or other motions. The Aero Precision Breach Charging Handle is machined from 7075 aluminum and is treated with a hardcoat-anodized finish. Like all of Aero's products, this handle is made right here in the USA.

Safety Instruction Guide for AR 308 Breach Large Lever Ambidextrous Charging Handle

Introduction

Thank you for choosing the AR 308 Breach Large Lever Ambidextrous Charging Handle by Aero Precision. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your charging handle. Please read this document carefully to understand how to use the product safely and responsibly.

General Safety Guidelines

- Always ensure your firearm is unloaded before installing or handling the charging handle.
- Keep the charging handle and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the charging handle for any signs of wear or damage. If any issues are found, cease use immediately and consult a qualified gunsmith.
- Store the charging handle in a secure location when not in use to prevent accidental handling.
- Follow all local laws and regulations regarding firearm accessories and usage.

Specific Safety Precautions for Use

- Ensure that the charging handle is compatible with your AR .308 rifle before installation.
- Use the charging handle only for its intended purpose. Do not use it in any manner that could compromise safety or functionality.
- When racking the charging handle, maintain a firm grip to avoid slippage and ensure control.
- Do not force the charging handle if it does not operate smoothly. Check for obstructions or misalignment.
- Be mindful of your surroundings and ensure that you are in a safe environment when handling your firearm and charging handle.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded.
- Remove the existing charging handle from the upper receiver by pulling the charging handle latch and sliding it out.
- Align the Aero Precision Breach Charging Handle with the receiver and slide it into place until it clicks securely.
- Confirm that the charging handle moves freely by racking it several times before use.

2. Usage:

- When using the charging handle, grip the lever firmly with your dominant hand.
- Pull the charging handle back smoothly and release it to chamber a round.
- Practice using the charging handle in a safe environment to become familiar with its operation.
- If you experience any difficulty while using the charging handle, stop and inspect for any issues.

Disposal Instructions

- Dispose of the charging handle in accordance with local regulations for metal recycling.
- If the charging handle is damaged beyond repair, ensure it is rendered unusable before disposal to prevent accidental use.
