

RAID COVER, FLUX - SPIRITUS SYSTEMS RAID COVER - FLUX - MULTICAM ARID

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

RAID Cover – FLUX Soldiers have been covering their helmets for a long time and the concept is not new to the nylon industry. Helmet covers have many benefits that keep them relevant even as the ballistic technology of helmets evolve. Primarily, covers aid in the protection of your helmet and provide a sacrificial barrier between the elements and your lid. Most notably, they help with abrasion resistance. Additionally, helmet covers allow the end user the ability to rapidly change the color of their helmet in changing environments or to add IR Defeat properties in a cost effective manner. With so many options out there, what makes this helmet cover different? The Spiritus Systems R A I D Cover was developed with ground combat operations in mind. The market is currently filled with helmet covers that offer a ton of features, such as built in battery packs and bungee systems. Spiritus decided to go with an extremely bare bones and slick configuration instead. After a few months of testing different feature-rich designs, Spiritus decided that less is more when it comes to helmet cover design. They found that having features like bungee cords permanently attached to the helmet quickly become snag hazards that can be fatal when conducting HELO or Airborne operations. Instead, they opted for a lower profile, fitted design which matches the natural contour of the helmet. The idea is that you can attach accessories like strobes, battery packs, and identifiers with Velcro. This eliminates the snag hazard, as the velcro will separate long before an injury could be caused. The R A I D cover is built out of Solution Dyed IR DEFEAT 500D Cordura Nylon. It uses genuine VELCRO brand Hook and Loop which is also IR DEFEAT. Spiritus also reinforced the front attachment points with a rubber-impregnated material (HANK) that is extremely abrasion resistant to prevent wear on high friction points. Note: This product may be shown with optional accessories. Made in the USA

Attributes

- Name: [SPIRITUS SYSTEMS RAID COVER - FLUX - MULTICAM ARID](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430101661
- Mfr. No.: AC-HC-FX-MA
- Colour: Multi-Cam Arid
- Delivery weight: 0.063kg
- Shipping height: 25mm
- Shipping width: 229mm
- Shipping length: 184mm

Safety Instruction Guide for FLUX Spiritus Systems RAID Cover

Introduction

Thank you for choosing the FLUX Spiritus Systems RAID Cover. This guide provides essential safety instructions to ensure the safe use and maintenance of your helmet cover. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Ensure the RAID Cover is compatible with your helmet model before installation.
- Regularly inspect the cover for signs of wear and tear, especially at attachment points.
- Avoid using the cover in conditions that exceed its specified limits.
- Keep the cover away from open flames or extreme heat sources.
- Do not modify the cover in any way that could compromise its safety features.
- Always follow local regulations and guidelines regarding the use of tactical gear.

Specific Safety Precautions for Use

- **Abrasion Resistance:** The RAID Cover is designed to provide abrasion resistance. However, avoid dragging the helmet on rough surfaces to maintain its integrity.
- **Attachment Hazards:** Ensure that any accessories attached to the cover do not create snag hazards. Velcro attachments are recommended for safety.
- **Environmental Considerations:** Be mindful of the environment in which the cover is used. It is designed for ground combat operations and may not be suitable for all conditions.
- **Children's Safety:** This product is not intended for use by children. Keep it out of reach of minors.

Instructions for Installation and Usage

1. Preparation:

- Ensure your helmet is clean and dry before installation.
- Lay the RAID Cover flat and inspect it for any defects.

2. Installation:

- Align the cover with the helmet, ensuring that it fits snugly over the contours.
- Secure the cover using the Velcro attachments. Ensure that the cover is tight to avoid movement during use.
- Check that all attachment points are secure before use.

3. Usage:

- When using the helmet with the RAID Cover, ensure that any additional accessories are securely attached.
- Regularly check the attachment points and Velcro for wear during use.
- If any part of the cover becomes damaged, discontinue use immediately and replace it.

Disposal Instructions

- Dispose of the RAID Cover in accordance with local waste disposal regulations.
- If the cover is damaged beyond repair, consider recycling options for the materials if available.

- Do not dispose of the cover in open flames, as it may release harmful substances.

Contact Information for Further Support

For any inquiries or concerns regarding the RAID Cover, please reach out to the manufacturer or your point of purchase for assistance. Please ensure you provide details about the product and any issues encountered.

By following these safety instructions, you can ensure the effective and safe use of your FLUX Spiritus Systems RAID Cover. Thank you for prioritizing safety and compliance with EU regulations.
