

# RAID COVER, FLUX - SPIRITUS SYSTEMS RAID COVER - FLUX - MULTICAM

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

RAID Cover – FLUX Soldiers have been covering their helmets for a long time and the concept is not new to the nylon industry. Helmet covers have many benefits that keep them relevant even as the ballistic technology of helmets evolve. Primarily, covers aid in the protection of your helmet and provide a sacrificial barrier between the elements and your lid. Most notably, they help with abrasion resistance. Additionally, helmet covers allow the end user the ability to rapidly change the color of their helmet in changing environments or to add IR Defeat properties in a cost effective manner. With so many options out there, what makes this helmet cover different? The Spiritus Systems R A I D Cover was developed with ground combat operations in mind. The market is currently filled with helmet covers that offer a ton of features, such as built in battery packs and bungee systems. Spiritus decided to go with an extremely bare bones and slick configuration instead. After a few months of testing different feature-rich designs, Spiritus decided that less is more when it comes to helmet cover design. They found that having features like bungee cords permanently attached to the helmet quickly become snag hazards that can be fatal when conducting HELO or Airborne operations. Instead, they opted for a lower profile, fitted design which matches the natural contour of the helmet. The idea is that you can attach accessories like strobes, battery packs, and identifiers with Velcro. This eliminates the snag hazard, as the velcro will separate long before an injury could be caused. The R A I D cover is built out of Solution Dyed IR DEFEAT 500D Cordura Nylon. It uses genuine VELCRO brand Hook and Loop which is also IR DEFEAT. Spiritus also reinforced the front attachment points with a rubber-impregnated material (HANK) that is extremely abrasion resistant to prevent wear on high friction points. Note: This product may be shown with optional accessories. Made in the USA

## Attributes

- Name: [SPIRITUS SYSTEMS RAID COVER - FLUX - MULTICAM](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430101666
- Mfr. No.: AC-HC-FX-MC
- Colour: Multi-Cam
- Delivery weight: 0.063kg
- Shipping height: 25mm
- Shipping width: 229mm
- Shipping length: 184mm

# Safety Instruction Guide for RAID COVER FLUX SPIRITUS SYSTEMS

## Introduction

Thank you for choosing the RAID Cover FLUX by Spiritus Systems. This product is designed to enhance the functionality and protection of your helmet during ground combat operations. This safety instruction guide provides essential information on the safe use, installation, and disposal of the RAID Cover in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the RAID Cover by following all guidelines. This product is designed for nonfood use and should not be modified.
- **Enhanced Recalls:** Stay informed about product recalls. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** When purchasing online, ensure the platform complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** This product is intended for adult users. Ensure that children do not handle or use the RAID Cover.
- **EU Contact Point:** For any safety inquiries regarding this product, refer to the designated EU contact point.
- **Rapid Alerts:** Keep updated on product safety through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The RAID Cover is designed to avoid snag hazards associated with traditional helmet covers. However, improper use may still lead to accidents.
- **Use in Appropriate Environments:**
  - The RAID Cover is suitable for military operations and should not be used in civilian applications unless specified.
- **Avoid Modifications:**
  - Do not alter the RAID Cover. Modifications may compromise safety and functionality.
- **Inspection Before Use:**
  - Regularly inspect the RAID Cover for signs of wear or damage. Replace if any issues are found.
- **Proper Attachment:**
  - Use the Velcro attachments as intended. Ensure that they are secure before engaging in any operations.

## Instructions for Installation and Usage

- **Installation:**
  1. Place the RAID Cover over the helmet, ensuring it fits snugly.
  2. Align the Velcro attachments with the corresponding points on the helmet.
  3. Firmly press the Velcro to secure the cover in place.
  4. Ensure that there are no loose ends that could snag during operations.
- **Usage:**
  - Attach accessories (e.g., strobes, battery packs) using the Velcro. Ensure they are properly secured.

- Avoid using bungee cords or other attachments that are not designed for the RAID Cover, as they may create snag hazards.
- Regularly check the integrity of the attachments during use, especially in high movement scenarios.

## **Disposal Instructions**

- **General Disposal:**
  - Dispose of the RAID Cover in accordance with local regulations for textile and nylon products.
- **Environmental Consideration:**
  - Avoid disposing of the product in water bodies or public spaces. Recycle if possible.

## **Contact Information for Further Support**

For further assistance or inquiries regarding the RAID Cover, please consult your retailer or the designated EU contact point for safety inquiries.

By following these safety instructions, you can ensure the optimal performance and safety of your RAID Cover FLUX by Spiritus Systems. Thank you for your attention to these guidelines.
