

# RAID COVER, FLUX - SPIRITUS SYSTEMS RAID COVER - FLUX - WOLF GREY

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

RAID Cover - FLUX Soldiers have been covering their helmets for a long time and the concept is not new to the nylon industry. Helmet covers have many benefits that keep them relevant even as the ballistic technology of helmets evolve. Primarily, covers aid in the protection of your helmet and provide a sacrificial barrier between the elements and your lid. Most notably, they help with abrasion resistance. Additionally, helmet covers allow the end user the ability to rapidly change the color of their helmet in changing environments or to add IR Defeat properties in a cost effective manner. With so many options out there, what makes this helmet cover different? The Spiritus Systems R A I D Cover was developed with ground combat operations in mind. The market is currently filled with helmet covers that offer a ton of features, such as built in battery packs and bungee systems. Spiritus decided to go with an extremely bare bones and slick configuration instead. After a few months of testing different feature-rich designs, Spiritus decided that less is more when it comes to helmet cover design. They found that having features like bungee cords permanently attached to the helmet quickly become snag hazards that can be fatal when conducting HELO or Airborne operations. Instead, they opted for a lower profile, fitted design which matches the natural contour of the helmet. The idea is that you can attach accessories like strobes, battery packs, and identifiers with Velcro. This eliminates the snag hazard, as the velcro will separate long before an injury could be caused. The R A I D cover is built out of Solution Dyed IR DEFEAT 500D Cordura Nylon. It uses genuine VELCRO brand Hook and Loop which is also IR DEFEAT. Spiritus also reinforced the front attachment points with a rubber-impregnated material (HANK) that is extremely abrasion resistant to prevent wear on high friction points. Note: This product may be shown with optional accessories. Made in the USA

## Attributes

- Name: [SPIRITUS SYSTEMS RAID COVER - FLUX - WOLF GREY](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430101673
- Mfr. No.: AC-HC-FX-WG
- Colour: Wolf Grey
- Delivery weight: 0.063kg
- Shipping height: 25mm
- Shipping width: 229mm
- Shipping length: 184mm

# RAID Cover Safety Instruction Guide

## Introduction

Thank you for choosing the RAID Cover by Spiritus Systems. This guide provides essential safety instructions and guidelines to ensure the safe use of your helmet cover. Please read this document carefully to understand how to use, install, and dispose of the product safely.

## General Safety Guidelines

- Ensure that the RAID Cover is compatible with your helmet model before use.
- Always inspect the cover for any signs of damage or wear before each use.
- Avoid using the cover in conditions that exceed its designed capabilities, such as extreme temperatures or heavy abrasion.
- Keep the cover away from open flames or high heat sources to prevent melting or combustion.
- Store the RAID Cover in a cool, dry place when not in use to maintain its integrity and performance.

## Specific Safety Precautions for Use

- **Snag Hazards:** Be aware that features like Velcro can catch on equipment or other objects. Always check your surroundings to avoid accidents.
- **Abrasion Resistance:** Although the RAID Cover is designed to be abrasion-resistant, avoid dragging it across rough surfaces to prolong its lifespan.
- **IR Defeat Properties:** The cover is equipped with IR defeat technology. Ensure that it is properly maintained to maximize its effectiveness.
- **Vulnerable Users:** This product is not intended for children. Ensure that it is used only by trained personnel.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your helmet is clean and dry before attaching the RAID Cover.
- Lay the cover flat and inspect it for any defects.

### 2. Installation:

- Align the RAID Cover with the helmet, ensuring that it matches the helmet's contours.
- Secure the cover using the Velcro straps provided. Press firmly to ensure a secure fit.
- If applicable, attach any additional accessories (e.g., strobes or identifiers) using the Velcro, ensuring they do not obstruct your view or functionality.

### 3. Usage:

- Once installed, check that the cover is securely attached before engaging in any activities.
- Regularly inspect the cover during use for any signs of wear or damage.
- Remove the cover if it becomes excessively damaged or if it no longer fits securely on the helmet.

## Disposal Instructions

- When the RAID Cover reaches the end of its lifecycle, dispose of it in accordance with local regulations.
- Do not burn the cover, as it may release harmful chemicals.
- If possible, recycle the material through appropriate recycling programs to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding the RAID Cover, please consult the manufacturer's website or your point of purchase for assistance. They can provide additional information and support regarding safety and usage.

By following these guidelines, you can ensure the safe and effective use of your RAID Cover. Thank you for your attention to safety.
