

LID SNAKE - SPIRITUS SYSTEMS LID SNAKE ANVIS - COYOTE BROWN

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

Lid Snake ANVIS The Spiritus Systems Lid Snake was designed for anybody using night vision devices that require a battery pack and safe, quick, donning and doffing. The wires connecting your battery pack are delicate and can easily become damaged or disconnected from your helmet. There are two traditional approaches to mitigate this problem. 1) Run tape along the entire length of your cable to secure it to your helmet. The problem with this is that you cannot easily remove your battery pack from your helmet for airborne operations or maintenance. 2) Run the cable underneath your helmet between your pads. This option allows your battery pack to be removed quickly but creates a dangerous scenario where the cable cannot disconnect in the event that your battery pack or nodes become tangled with another object. The Lid Snake eliminates these problems while also providing abrasion protection for your battery pack cable. This two-piece, flexible set accommodates unique helmet configurations, and are sized to be used as a single piece for flight helmets. For use with ANVIS battery packs or other battery packs with straight connectors. 90 Degree connectors will not fit! Note: This product may be shown with optional accessories. Made in the USA

Safety Instruction Guide for Spiritus Systems Lid Snake ANVIS Coyote Brown

Introduction

Thank you for choosing the Spiritus Systems Lid Snake ANVIS in Coyote Brown. This product is designed to enhance your experience with night vision devices by providing a secure and efficient way to manage battery pack connections. Please read this safety instruction guide carefully to ensure safe usage and to maximize the benefits of your Lid Snake.

General Safety Guidelines

- Ensure that the Lid Snake is used only with compatible battery packs, specifically those with straight connectors. Note that 90degree connectors will not fit.
- Inspect the Lid Snake and battery pack connections regularly for signs of wear or damage.
- Do not attempt to modify or repair the Lid Snake yourself. Contact a qualified professional for any repairs.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental harm.
- Follow all local regulations regarding the usage and disposal of electronic accessories.

Specific Safety Precautions for Use

- Always secure the battery pack properly using the Lid Snake to avoid disconnections during use.
- Avoid pulling or yanking the cable, as this may damage the connections.
- Do not expose the Lid Snake to extreme temperatures or moisture, as this may affect its performance.
- When removing the battery pack, do so gently to prevent cable entanglement.
- If you notice any unusual behavior from your night vision devices or battery pack, cease use immediately and consult the manufacturer.

Instructions for Installation and Usage

1. Installation:

- Ensure your helmet is clean and dry before installation.
- Position the Lid Snake on the helmet in a way that allows the cable to run smoothly without obstruction.
- Secure the Lid Snake around the cable, ensuring it is snug but not overly tight.
- Make sure the battery pack is connected securely to the Lid Snake.

2. Usage:

- To don the helmet, ensure that the battery pack is properly connected to the Lid Snake.
- For doffing, gently disconnect the battery pack from the Lid Snake to avoid cable damage.
- Regularly check the connection points to ensure they remain secure throughout use.

Disposal Instructions

- Dispose of the Lid Snake in accordance with local electronic waste regulations.
- Do not throw the Lid Snake in regular household waste.
- If you are unsure about disposal methods, consult your local waste management authority for guidance.

Contact Information for Further Support

For any questions or concerns regarding the Spiritus Systems Lid Snake ANVIS, please reach out to the manufacturer's support team. Ensure that you have the product details available when seeking assistance.

Thank you for choosing Spiritus Systems. Your safety and satisfaction are our top priorities.
