

# EXPANDER WING MK 2 - SPIRITUS SYSTEMS EXPANDER WING MK 2 - WOLF GREY

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

The Expander Wing Mk 2 was built as direct replacement for the original Spiritus Systems Micro Fight Expander Wing Set with a focus on enhancing the product's functionality for plate carriers. The wing attaches to a Micro Fight Chassis or 556 Placard with a Velcro flap and can be mounted for increased storage capacity on a chest rig or under the cummerbunds of a LV/119. Unlike its predecessor, the Expander Wing Mk 2 is completely reversible, and can be used on either the right or left side of the torso without any reduction in functionality or storage capacity. Spiritus Systems sells the Expander Wing Mk 2 individually for end users who do not require a full set for their loadout. (Reminder: If you want a set of these, make sure to add TWO to the cart.) Wings used for chest rigs are mounted to the soft loop Velcro field on the back side of the Micro Fight Chest Rig. They also utilize Spiritus Systems unique loop over design that attaches to your Fat or Skinny straps to ensure a comfortable and stable attachment that will not sag even with heavy items placed inside. When used in conjunction with plate carriers, the Expander Wing Mk 2 will integrate with both Velcro and TUBES cummerbunds. The wing features a TUBES bar pass-through so the cummerbund can be attached or separated without the need to remove the expander wing. The Expander Wing Mk 2 is designed to hug the body which reduces their signature and securely holds items in place. The base Expander Wing Mk 2 pocket depth is 6" however, the adjustable internal retention strap can be lengthened or shortened to create the perfect pocket depth for your items. The top of the pocket also features double eyelets and a bungee retention kit, so radios and magazines remain secure during periods of movement. The expander wing will hold most small & medium caliber rifle magazines as well as a variety of radio platforms like the MPU5, 152, 163, and smaller units like Motorola XTS 5000.

## Attributes

- Name: [SPIRITUS SYSTEMS EXPANDER WING MK 2 - WOLF GREY](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430101746
- Mfr. No.: CR-EW-WG-02
- Colour: Wolf Grey
- Delivery weight: 0.082kg
- Shipping height: 13mm
- Shipping width: 178mm
- Shipping length: 267mm

# Safety Instruction Guide for the Expander Wing Mk 2

## Introduction

Thank you for choosing the Expander Wing Mk 2 by Spiritus Systems. This guide provides important safety information and instructions for the proper use and care of your product. Please read this guide carefully to ensure safe usage and to maximize the functionality of the Expander Wing Mk 2.

## General Safety Guidelines

- Ensure safe use of the Expander Wing Mk 2 by following all instructions provided in this guide.
- Be aware of potential hazards associated with improper use, including but not limited to falls, injuries from improperly secured items, and damage to the product.
- Always inspect the Expander Wing Mk 2 before use. Check for any signs of wear or damage that may affect its performance.
- Keep the product away from children and vulnerable individuals unless properly instructed on its use.
- Report any unsafe conditions or incidents involving the Expander Wing Mk 2 to the appropriate authorities.

## Specific Safety Precautions for Use

- Avoid overloading the Expander Wing Mk 2 with excessive weight. This may compromise its stability and functionality.
- When using the Expander Wing Mk 2 with a plate carrier or chest rig, ensure that all attachments are secure before engaging in any physical activity.
- Do not use the Expander Wing Mk 2 if it shows any signs of damage or wear that may compromise its performance.
- Ensure that the adjustable internal retention strap is properly secured to prevent items from falling out during movement.
- When using the Expander Wing Mk 2 in conjunction with TUBES cummerbunds, ensure the TUBES bar passthrough is properly aligned and secured.

## Instructions for Installation and Usage

### 1. Attaching the Expander Wing Mk 2:

- Locate the Velcro flap on the Micro Fight Chassis or 556 Placard.
- Align the Expander Wing Mk 2 with the Velcro flap and press firmly to attach.
- Ensure that the attachment is secure and that the wing is properly positioned on the desired side of the torso.

### 2. Adjusting the Pocket Depth:

- To adjust the internal retention strap, locate the strap inside the pocket.
- Pull the strap to lengthen or shorten it as needed to achieve the desired pocket depth.
- Ensure the strap is securely fastened after adjustment.

### 3. Mounting on Chest Rigs:

- For chest rig use, mount the Expander Wing Mk 2 to the soft loop Velcro field on the back side of the Micro Fight Chest Rig.
- Ensure that the attachment is secure and that the wing is properly oriented.

#### **4. Using with Plate Carriers:**

- Integrate the Expander Wing Mk 2 with your plate carrier by aligning it with the Velcro or TUBES cummerbunds.
- Use the TUBES bar passthrough to attach or separate the cummerbund without removing the expander wing.

#### **5. Securing Items:**

- Place items such as magazines or radios inside the pocket.
- Utilize the double eyelets and bungee retention kit at the top of the pocket to secure items during movement.

## **Disposal Instructions**

- Dispose of the Expander Wing Mk 2 in accordance with local regulations regarding textile and plastic waste.
- If the product is damaged beyond repair, consider recycling materials where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product performance, please contact Spiritus Systems through the appropriate channels.

Thank you for your attention to these safety guidelines. Enjoy your Expander Wing Mk 2 and its enhanced functionality for your loadout.
