

GP POUCH PADDED INSERT - SPIRITUS SYSTEMS GP POUCH PADDED INSERT

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

GP Pouch Padded Insert The Spiritus Systems Padded foam insert can be used to pad the interior of a Small or Medium Spiritus Systems GP Pouch against shock. The insert features a Velcro hook field that engages with the interior Velcro of the GP pouches. The flaps of the padded insert collapse to form a protective box that will accommodate night vision binoculars or other sensitive items. Once fully installed, the insert does not cover the 6th (interior) side of the pouch. This is to maximize internal storage capacity. The design relies on the torso of the wearer to provide the 6th wall of protection for the item. The outer surface of the foam pad is backed with loop Velcro and will accept any hook Velcro accessory attachments so small items like batteries or tools can be affixed and located quickly and easily. This insert is designed to work with our Small and Medium GP pouch. Spiritus Systems does not guarantee compatibility with any other pouches. Note: This product may be shown with optional accessories. Made in the USA

GP Pouch Padded Insert Safety Instructions

Introduction

Thank you for choosing the GP Pouch Padded Insert by Spiritus Systems. This padded insert is designed to enhance the protection of sensitive items stored within Small and Medium Spiritus Systems GP Pouches. Please read and follow these safety instructions carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the GP Pouch Padded Insert is used only with compatible Small and Medium Spiritus Systems GP Pouches.
- Regularly inspect the insert for signs of wear or damage before each use.
- Avoid using the insert for purposes other than those specified in this guide.
- Keep the insert out of reach of children to prevent accidental injury.
- In the event of an emergency, report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- When inserting or removing items from the pouch, do so carefully to avoid injury.
- Ensure that the padded insert is properly secured within the pouch before use.
- Do not overload the pouch beyond its recommended capacity to maintain structural integrity.
- Be cautious when using the pouch in environments where it may be exposed to extreme temperatures or moisture.
- Do not expose the padded insert to sharp objects or abrasive surfaces that may cause damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the GP Pouch is clean and free from debris.
- Verify that the Velcro hook field on the insert is intact and functional.

2. Installation:

- Open the GP Pouch and locate the interior Velcro surface.
- Align the Velcro hook field of the padded insert with the interior Velcro of the pouch.
- Press the insert firmly into place, ensuring it is fully engaged with the Velcro.

3. Usage:

- Place sensitive items, such as night vision binoculars, inside the protective box formed by the insert's flaps.
- Ensure that the 6th side of the pouch remains unobstructed to maximize storage capacity.
- Use the outer surface of the foam pad to attach small accessories with hook Velcro as needed.

4. Removal:

- To remove the padded insert, gently peel it away from the interior Velcro of the pouch.
- Inspect the insert for any damage before storing or reusing it.

Disposal Instructions

- Dispose of the GP Pouch Padded Insert in accordance with local regulations for foam and textile products.

- Do not incinerate the product, as it may release harmful fumes.
- If the insert is damaged or no longer usable, ensure it is disposed of in a manner that prevents environmental harm.

Contact Information for Further Support

For any inquiries regarding the GP Pouch Padded Insert, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for your attention to these safety instructions. Enjoy your GP Pouch Padded Insert and the enhanced protection it provides for your sensitive items.
