[Shooting Accessories](#) > [Duty Gear](#) > [Pouches](#)

The "Fanny SACK" bridges the gap between our popular Sub Abdominal Carry Kit and every day carry. Wear it for a full mission profile, or stash your carry gun in it while you're out on the long board. It was designed to make critical equipment easy to access from both sides or when in a confined space like a vehicle. The Fanny SACK can also be worn on the lower back and out of the way but quickly slid around the waist when needed. The pouch features a "half zip" design, which means that your equipment will not easily fall out of the pouch even if the zipper is left unsecured. The front of the pouch features a small zippered stash pocket that is perfect for easy access to small items. The bottom of the pouch features two elastic loops that can be adjusted to hold a tourniquet or other equipment that you may need to rapidly deploy. If bottom carry doesn't fit your mission needs, you can easily remove and reinstall the loops as necessary. Each side has a webbing loop for attaching equipment such as gloves, carabiners or chem lights. The inside features soft loop Velcro on both sides. This makes the pouch very dynamic, giving you the ability to use our Velcro Insert Suite to fit your requirements. It also features two slide-locks that make it easy to adjust the tension of the elastic loops hanging below, as well as two internal tie-down loops for securing sensitive equipment. The two grommet holes on the bottom aid with drainage of the pouch, if submersion occurs. The Fanny SACK is designed to be worn around your waist. # Fanny Sack Pouch MK3 Safety Instruction Guide

## Introduction

Thank you for choosing the Fanny Sack Pouch MK3 by Spiritus Systems. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your pouch. Please read this document carefully before use.

## General Safety Guidelines

- Ensure the pouch is used only for its intended purpose as described in this manual.
- Regularly inspect the pouch for any signs of wear or damage before each use.
- Keep the pouch away from extreme temperatures, moisture, and sharp objects to prevent damage.
- Do not overload the pouch beyond its designed capacity, as this may compromise safety and functionality.
- Store the pouch in a cool, dry place when not in use.
- Always keep the pouch out of reach of children and vulnerable individuals to prevent accidents.

## Specific Safety Precautions for Use

- **Zipper Safety:** Ensure that the zipper is fully closed when the pouch is in use to prevent items from falling out.
- **Elastic Loops:** When using the elastic loops, make sure they are securely fastened to prevent accidental release of equipment.
- **Attachment Points:** Use only compatible equipment with the webbing loops to avoid damaging the pouch or the attached items.
- **Weight Distribution:** When wearing the pouch, ensure that it is evenly distributed around your waist to maintain balance and comfort.
- **Sensitive Equipment:** Secure sensitive equipment using the internal tiedown loops to prevent movement and potential damage during use.

## Instructions for Installation and Usage

### 1. Wearing the Pouch:

- Adjust the pouch to fit comfortably around your waist.
- Slide the pouch to the desired position, whether at the lower back or around the front, depending on your needs.

### 2. Accessing Contents:

- Use the half zip design to easily access the contents from either side.
- For quick access to small items, utilize the zippered stash pocket located at the front of the pouch.

### 3. Adjusting Elastic Loops:

- To hold items like a tourniquet, adjust the elastic loops as needed.
- If bottom carry is not suitable, remove and reinstall the loops to your preference.

### 4. Using Velcro Inserts:

- The soft loop Velcro inside the pouch allows for customization using compatible Velcro inserts.
- Ensure that any inserts used are securely fastened to avoid shifting during use.

### 5. Drainage:

- In case of submersion, the two grommet holes at the bottom of the pouch assist in drainage. Ensure that the pouch is allowed to dry completely before storing.

## **Disposal Instructions**

- Dispose of the pouch in accordance with local regulations regarding textile waste.
- If the pouch is damaged beyond repair, consider recycling materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the Fanny Sack Pouch MK3, please refer to your local distributor or retailer for assistance. It is important to ensure that you have access to support for any safety inquiries.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your Fanny Sack Pouch MK3. Thank you for your attention to these important safety measures.
