

FANNY SACK POUCH MK3 - SPIRITUS SYSTEMS FANNY SACK POUCH MK3 - WOLF GREY

[Shooting Accessories](#) > [Duty Gear](#) > [Pouches](#)

The "Fanny SACK" bridges the gap between our popular Sub Abdominal Carry Kit and every day carry. Wear it for a full mission profile, or stash your carry gun in it while you're out on the long board. It was designed to make critical equipment easy to access from both sides or when in a confined space like a vehicle. The Fanny SACK can also be worn on the lower back and out of the way but quickly slid around the waist when needed. The pouch features a "half zip" design, which means that your equipment will not easily fall out of the pouch even if the zipper is left unsecured. The front of the pouch features a small zippered stash pocket that is perfect for easy access to small items. The bottom of the pouch features two elastic loops that can be adjusted to hold a tourniquet or other equipment that you may need to rapidly deploy. If bottom carry doesn't fit your mission needs, you can easily remove and reinstall the loops as necessary. Each side has a webbing loop for attaching equipment such as gloves, carabiners or chem lights. The inside features soft loop Velcro on both sides. This makes the pouch very dynamic, giving you the ability to use our Velcro Insert Suite to fit your requirements. It also features two slide-locks that make it easy to adjust the tension of the elastic loops hanging below, as well as two internal tie-down loops for securing sensitive equipment. The two grommet holes on the bottom aid with drainage of the pouch, if submersion occurs. The Fanny SACK is designed to be worn around your waist. Fanny Sack Pouch MK3 Safety Instruction Guide

Introduction

Thank you for choosing the Fanny Sack Pouch MK3 by Spiritus Systems. This product is designed to enhance your everyday carry experience while ensuring safety and accessibility. Please read this safety instruction guide carefully to understand the proper use, installation, and disposal of your Fanny Sack Pouch MK3.

General Safety Guidelines

- Ensure the pouch is used only for its intended purpose.
- Regularly inspect the pouch for wear and tear before each use.
- Keep the pouch away from children and vulnerable individuals unless supervised.
- Do not overload the pouch beyond its capacity, as this may compromise safety.
- Be cautious when using the pouch in confined spaces, such as vehicles.
- Always secure items inside the pouch to prevent accidental loss or injury.

Specific Safety Precautions for Use

- When wearing the pouch, ensure it is properly adjusted to fit snugly around your waist.
- Avoid sharp objects that may puncture or damage the pouch fabric.
- If using the elastic loops, ensure they are securely fastened to prevent equipment from falling out.
- Be aware of your surroundings when accessing the pouch, especially in crowded or busy areas.
- If the pouch becomes submerged in water, check for drainage and dry it thoroughly before storage.

Instructions for Installation and Usage

1. Wearing the Pouch:

- Adjust the pouch to fit comfortably around your waist.
- Slide the pouch around to the front or side as needed for easy access.

2. Storing Equipment:

- Use the front zippered stash pocket for small items that require quick access.
- Secure larger items using the elastic loops on the bottom of the pouch.
- Ensure that all items are properly stored and that zippers are closed when not in use.

3. Adjusting Elastic Loops:

- To adjust the tension of the elastic loops, use the slidelocks located on the pouch.
- If necessary, remove and reinstall the loops based on your mission needs.

4. Using Velcro Inserts:

- The interior soft loop Velcro allows for customization with Velcro Inserts.
- Ensure that any inserts used are compatible with the pouch dimensions.

5. Cleaning and Maintenance:

- Wipe the pouch with a damp cloth to remove dirt and debris.
- Allow the pouch to air dry completely before storing it.
- Do not machine wash or dry the pouch.

Disposal Instructions

- Dispose of the pouch in accordance with local regulations.
- If the pouch is damaged beyond repair, consider recycling the materials if possible.
- Ensure that any equipment stored in the pouch is also disposed of safely and responsibly.
