[Shooting Accessories](#) > [Tactical Gear](#) > [Chest Rigs](#)

The Micro Fight Chest Rig Mk4 is designed to be extremely efficient, modular, and lightweight. The Micro Fight works seamlessly with Spiritus Systems accessories suite, which offers nearly endless configurations. The Micro Fight features soft loop Velcro in both pockets to enable you to put mission essential items where you want them based on your individual needs. The improved profile allows for the use of six 5.56 x .45 style magazines or four 7.62 x .51 magazines or any combination of rifle and pistol magazines. The 5" x 9" field of hard loop Velcro on the back of the rig allows for solid integration with accessories, such as the SACK Pouch or Expander Wings. The larger Velcro field also allows a solid integration onto plate carriers, such as the LV119. In addition to the larger Velcro field, the MK 4 also allows for sub load integration of a tourniquet utilizing the two integrated grommets and our Universal Retention Kit. **Unmatched Versatility** The Micro Fight Chest Rig sports a host of accessories like no other system. The user can select from any of our accessories to meet operational requirements. The platform is lightweight and small while still allowing you to carry multiple types of munitions and equipment. Examples include rifle and pistol Magazines, 37/40mm grenades, flash-bangs, multi-tools, flashlights, medical supplies, and breaching equipment. **Stand Alone System** The Micro Fight Chest Rig was designed to perform as a stand-alone system. It can be configured for wear in low visibility environments that require minimal printing through clothing with maximum equipment storage. It can also be configured for high visibility operations where a full spectrum of equipment is required. **Placard Configuration** The Micro Fight Chest Rig was designed to work seamlessly as a "Placard" for plate carrier systems. Simply remove the 1 inch side release buckles and attach the system via the hard loop Velcro located on the back of the system to your plate carrier. This configuration allows for profile expansion or reduction as mission requirements change. **NOTE:** The CHASSIS is part of the Micro Fight Chest Rig System. This item does not include shoulder straps, back strap, half or full flaps, magazine inserts, or any other accessories. Additional components are required for proper use. If running as a stand-alone system, shoulder straps, back strap, magazine inserts, and possibly full or half flaps are needed. If running on a plate carrier, flap(s), and magazine insert(s) are needed. Some images shown with optional accessories, sold separately.

## Attributes

## Safety Instruction Guide

### Introduction

Thank you for choosing the Micro Fight Chest Rig Mk4. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read through this document carefully before use.

### General Safety Guidelines

- Ensure that the Micro Fight Chest Rig Mk4 is used only for its intended purpose as a tactical chest rig.
- Regularly inspect the rig for any signs of wear, damage, or malfunction before each use.
- Keep the chest rig away from fire, extreme heat, or corrosive substances.
- Do not overload the rig beyond its designed capacity to maintain safety and comfort.
- Ensure that all accessories are properly secured before use to prevent accidents.
- Store the chest rig in a cool, dry place when not in use to prolong its lifespan.

### Specific Safety Precautions for Use

- The Micro Fight Chest Rig Mk4 is designed for adult users. Keep it out of reach of children to prevent accidents.
- When wearing the rig, ensure that it is properly adjusted to fit your body securely without restricting movement.
- Be cautious when using sharp or heavy items in the rig, as they can pose injury risks if not secured correctly.
- If using the rig in low visibility environments, ensure that it does not obstruct your movement or visibility.
- Always be aware of your surroundings when using the rig to avoid potential hazards.

### Instructions for Installation and Usage

#### Installation

1. **Remove Buckles:** If using as a placard, remove the 1inch side release buckles.
2. **Attach to Plate Carrier:** Use the hard loop Velcro located on the back of the rig to attach it securely to your plate carrier.
3. **Adjust Straps:** If using the rig with shoulder straps, adjust them to fit comfortably.

#### Usage

- **Loading Magazines:** Load up to six 5.56 x .45 style magazines or four 7.62 x .51 magazines, or a combination of both, into the designated pockets.
- **Securing Accessories:** Utilize the soft loop Velcro in the pockets to secure missionessential items based on your needs.
- **Integration with Accessories:** Use the 5" x 9" field of hard loop Velcro on the back for integration with accessories like the SACK Pouch or Expander Wings.
- **Sub Load Integration:** For additional equipment, utilize the two integrated grommets and the Universal Retention Kit for securing a tourniquet.

## **Disposal Instructions**

- Dispose of the Micro Fight Chest Rig Mk4 in accordance with local regulations regarding textile and plastic waste.
- If the rig is damaged beyond repair, consider recycling materials where possible.
- Do not burn the rig, as it may release harmful substances.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product issues, please refer to the contact information provided by the retailer or manufacturer.

By following these guidelines, you can ensure a safe and effective experience with your Micro Fight Chest Rig Mk4. Thank you for your attention to safety.
