

JSTA POUCH - SPIRITUS SYSTEMS JSTA POUCH - MULTICAM ARID

[Shooting Accessories](#) > [Duty Gear](#) > [Pouches](#)

The JSTA Pouch was designed as a space saving solution for battle belts and other platforms with MOLLE mounting points. The pouch features two inline stacked compartments that allow the end user to combine their magazine holders with a GP pouch in a small form factor. The inner sleeve is lined with Velcro loop fields that will accept the following Spiritus Systems magazine inserts: 1x 5.56 Single Rifle Insert 1x 7.62 Single Rifle Insert 1x Single Pistol Insert 1x Double Pistol Insert 1x 5.56 Single Rifle Insert + 1x Single Pistol Insert The outer pouch is built with a quick-open Velcro flap, and has two compartments. The primary compartment features a Velcro loop field that will accommodate the following Spiritus Systems Utility Inserts Shotgun/CR123 Battery Insert Chemlight / AA Battery Insert 3 Loop Pouch Insert The secondary compartment can function as either as admin storage for smaller items or additional spill over from the main compartment. If the outer GP pouch is empty, the pouch is designed to lay extremely flat against the body. This reduces the pouch's snag hazard when not in use. The JSTA can either be mounted to a belt through the integrated belt loops, or with MOLLE webbing. The pouch requires 3 rows & 3 columns of MOLLE to be properly mounted and has a footprint similar to the Spiritus Systems Small GP Pouch. Outside of belt mounted configurations, the JSTA is a great alternative to a small GP for flanking a Micro Fight on the Thing 2 Chassis. It can also be mounted to an LV/119 MOLLE Cummerbund. NOTE: The JSTA pouch does not include any accessories. All Velcro inserts are sold separately.

Attributes

- Name: [SPIRITUS SYSTEMS JSTA POUCH - MULTICAM ARID](#)

JSTA Pouch Safety Instruction Guide

Introduction

Thank you for choosing the JSTA Pouch by Spiritus Systems. This guide provides essential safety instructions and guidelines for the proper use and maintenance of your JSTA Pouch. Please read this document carefully to ensure safe and effective use.

General Safety Guidelines

- Ensure safe use of the JSTA Pouch by following all instructions provided in this guide.
- Be aware of potential hazards associated with improper use, such as injury from sharp objects or entanglement.
- Always check for product recalls or safety alerts through the EU's Safety Gate platform.
- If you have any concerns regarding the safety of the JSTA Pouch, please report them to the appropriate authorities.

Specific Safety Precautions for Use

- Do not overload the pouch beyond its intended capacity as this may compromise its structural integrity.
- Always secure the pouch properly to your belt or MOLLE webbing to prevent it from becoming dislodged during use.
- Avoid using the pouch in environments where it could become entangled in moving machinery or other hazardous situations.
- Regularly inspect the pouch for signs of wear or damage. If any damage is found, discontinue use immediately.
- Keep the pouch out of reach of children and vulnerable individuals when not in use.

Instructions for Installation and Usage

1. Mounting the Pouch:

- The JSTA Pouch can be mounted using either the integrated belt loops or MOLLE webbing.
- Ensure that you have 3 rows and 3 columns of MOLLE for proper mounting.
- If using belt loops, securely thread your belt through the loops to ensure stability.

2. Loading the Pouch:

- The pouch features two inline stacked compartments. Use the primary compartment for magazine holders and the secondary compartment for smaller items or admin storage.
- Ensure that all items are securely placed within their designated compartments to prevent movement during use.

3. Using Velcro Inserts:

- The inner sleeve is lined with Velcro loop fields. Ensure that any Spiritus Systems magazine inserts are properly attached.
- Only use approved inserts to maintain optimal safety and functionality.

4. QuickOpen Flap:

- The outer pouch has a quickopen Velcro flap. Practice opening and closing the flap to ensure you can access your items quickly when needed.

5. Flat Storage:

- If the outer GP pouch is empty, it is designed to lay flat against the body. This reduces snag hazards when not in use.

Disposal Instructions

- Dispose of the JSTA Pouch in accordance with local regulations for textile and plastic waste.
- Do not incinerate or expose the pouch to excessive heat.
- If the pouch is damaged beyond repair, ensure that it is disposed of safely to prevent any potential hazards.

Contact Information for Further Support

For any questions or concerns regarding the JSTA Pouch, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure the safe and effective use of your JSTA Pouch. Thank you for your attention to these important guidelines.
